 east of Geneva.

INFORMATION—PLEASE READ

No. 1 True to Name—All stock will be labeled strictly True to Name. We exercise the greatest care to have all orders filled right, but we all make mistakes. Upon proper proof where stock is not True to Name it is mutually understood between us and the purchaser, that we will replace the stock or refund the purchase price, but will not be held liable for more than this amount.

No. 2 Inspection—All our Trees and plants are carefully inspected by state and an Inspection Certificate accompanies each and every shipment.

No. 3 Shipment—We ship via Express, Mail, Freight and Electric Package. Stock marked mail is postpaid otherwise stock is packed free and purchaser pays transportation charges, we

start shipping in Spring anytime after February 1st, and keep same up until June 1st. Please state when you wish shipment made.

No. 4 Payment—Our Terms are cash with order, money should be sent by Check, Postal Money Order, Draft, Express Money Order or Registered mail.

No. 5 Special Notice When Ordering—Please state how you wish same shipped, write Name, Initial, Postoffice, State, Railroad Station, R. F. D. number and R. F. D. Box number very plainly so that no mistakes will happen in delivery, also use our order blank.

No. 6 Guarantee—All goods are Guaranteed to reach you in good condition, mistakes if made will be promptly rectified. Accept shipment, examine and

count on receipt and notify us at once if there be any errors, and the carrier and us if any damaged stock. This must be done on the arrival of the stock. We Guarantee our trees to arrive and be satisfactory but we do not take Planters risk, at the price we sell at although they are as good as any that can be bought.

No. 7 Our Reference—The National Bank of Ashtabula, Ohio. Postmaster at Geneva, Ohio. Or any Paper in which our advertisements appear.

No. 8 Purchaser Pays Transportation Unless Marked Mail Postpaid. All stock packed free on board cars.

TREES BY MAIL POSTPAID

For 16 years we have been mailing out trees by mail postpaid. We have had a great many compliments on this stock and very few protests. These trees are clean, nice, well rooted, 3 to 4 foot trees, with exception of Peach and Quince which are 3 feet tall. There is no order too small or too large for us to take care of, if large we can make it into several bundles.

We take special pains to select the finest small trees for this trade, being careful to have them right in every way. *They come postpaid to your door, We Guarantee their safe arrival,* it saves you getting them at station and also transportation charges. Prices of these trees by mail are as follows: Apple 25c each, Peach 20c each, Plum, Pear, Quince, Cherry and Apricot at 40c each.

TREE DEPARTMENT

Thirty-eight years ago our Plant and Tree Department was founded by W. A. Allen, the present President of the concern. He grew about 1000 trees the first year which were sold to neighbors. He finally increased until he placed a catalog into hands of customers in 1893 and started advertising in Farm papers. Many lean years followed, but always we increased our trade on honest dealings and a fair price to the consumer, until today we grow annually a million plants and trees. We have built a large frost proof storage cellar, electric cooled and ventilated, stock placed in this storage

is fresh dug and it has proved to be a great advantage especially to our customers as trees come out in fine shape for planting purposes, in fact this keeps trees the best of any cellar we ever saw.

All budding and grafting is done under supervision of Chas. A. Allen Supt. and partner of the concern and also he is expert in judging any stock in growing that is not right in every way. Our trees are grown here along Lake Erie where the finest trees in the world for hardiness, quick bearing, and productiveness are grown. Trees are graded both as to caliper and height and roots, and our stock will meet your approval in every way. We can ship you most any day that you state in your order from February to June. We will be prompt with you, try us and find out what others have that we give them a square deal.

1926 SEED DEPARTMENT

This Department has been run by us only 14 years, but in that short time we have increased it by jumps and bounds until it looks as if it might outdo the Tree Department. Last season we increased our trade by 25% and had only about three protests on seeds. Our seeds are grown each sort in a different place in the best growing locality suited to them, nothing but the finest stock seed is sold to our customers, all seed is carefully tested out to insure our customers with a sure growth and we also Guarantee them true to name and Sure to Grow. We sell by *Weight* only so that you don't have to guess what you are going to get. We have this past season built and equipped another large Seed House so that trade may be handled quicker and better, we also have hired a new Department head who knows his business in every way, we are going to give you 100% service and efficiency this year, we can send you Seed from time this catalog reaches you until end of season.

Postage Paid to your mail box on all amounts unless otherwise noted on all Seeds with exception of Farm Seeds. Seed Department in back of catalog this season.

EARLY OHIO PEACH

Early Ohio—A new seedling which we are introducing, worthy of a trial either in home garden or orchard, it is still earlier than the Rochester, beautiful yellow freestone, of large size, tree fair grower, big yielder, comes when there is no other on market to rival it, a truly wonderful addition to the list of varieties, we have a few to offer.

Prices here are only for this one variety.

By Express.	Each
4 to 5 feet	\$0.50
3 to 4 feet35
3 feet postpaid30

Cortland—A new apple, originated by Geneva, New York experiment station, a deep red apple of the very best type, young bearer, and good keeper and improvement over McIntosh Red.

	Each
1 yr. Whips 2 to 3 feet postpaid	\$1.00

CORTLAND APPLE

APPLES

DELICIOUS
APPLES

APPLE is the King of all Fruits. It always sells well on the market. Who doesn't like to sit down on a winter night and eat a few of those luscious apples? Doctors always advise the use of Apples for health, both for adults and the children. We have selected our varieties from a large list

and believe we have the best suited to all sections that can be gotten together in the room we have to give to this Fruit. Our Apple Trees are grown by us here in the North and will bear quicker than Western or Southern grown Apple Trees. Plant our Lake Shore Grown Apple Trees.

Autumn Apples

Autumn Strawberry—Streaked, tender, juicy, sub-acid, vigorous and productive. September.

Duchess of Oldenburg—The best of all Fall sorts for planting, bears at an early age, good size, yellow, streaked with red, juicy, sub acid, and productive, good for both commercial and home planting. September.

Maiden Blush—Medium size, flat and smooth, pale yellow with deep red cheek, tender, pleasant acid flavor, good bearer, fine for home orchard. October.

Rambo—Medium yellow, streaked red, keeps until Xmas time, fine eating apple for home use.

Fall Pippin—Large yellow, juicy, tree vigorous grower, good home sort. November.

Twenty Ounce—(Cayuga Red Streak) Large and handsome, sprightly, crisp and pleasant, good home and market sort. November.

Summer Apples

Early Harvest—Medium to large, pale yellow, fine flavor, tree upright grower, a good bearer, excellent variety for home use. August.

Liveland Raspberry—Fruit good size, waxen white striped with crimson, bears early in life, makes good filler in orchard.

Red Astrachan—Well known old sort, large and roundish, crimson color, juicy, rich acid flavor, vigorous grower, deep foliage. August.

Yellow Transparent—Earliest and best, white, tender and juicy, sprightly sub-acid, grows rapidly, bears young, and very profitable. August.

Sweet Bough—One of the very best Sweet Apples. Yellow in color, large, tender and heavy bearer. August.

Golden Sweet—Large, pale yellow, very sweet and good. Strong grower and good bearer. August.

Apple Trees, 3-ft. to 4-ft., by mail 25c.

APPLES—Continued

Winter Apples

York Imperial—Medium to large, yellow, shaded with red, firm, sub-acid, an excellent keeper and shipper.

Jonathan—Fruit medium sized, red, very tender, good flavor, tree young bearer, a good market sort, we recommend it for commercial planting, good keeper.

Baldwin—Well known old sort and one of the best there is. Large, bright red, tree large growers and very productive, sells well on the market, extra good keeper.

Rome Beauty—Large, yellow shaded with bright red, juicy, sub-acid, good keeper and a fine market sort, bears at young age.

Hubbarston (Nonesuch)—Large, red, striped, tender and juicy, good home variety.

King David—Called improvement on Jonathan, not quite so good in quality but larger, red in color, good shipper and keeper, bears young.

Fameuse—(Snow) Good home sort, hardy, medium size, crimson, white flesh.

Wealthy—Early Winter variety keeping until Xmas, deep red, flesh white, very juicy, good market sort, fine for home use, quick and heavy bearer, quality of the very best for eating. You can't beat them for November and December.

R. I. Greening—Large, greenish yellow, tender, juicy, and rich, with an acid flavor, tree large grower, heavy yielder, abundant bearer, excellent keeper.

King—(Tompkins County) Large and handsome, striped red and yellow, vigorous and productive, excellent apple, does not keep so well as some.

Yellow Belleflower—Large, with blush cheek, very tender, juicy, sub-acid, in use all winter, very valuable sort, good bearer.

Delicious—A remarkable variety rapidly taking first place both for home and commercial orchards. Fruit extra large, color nearly bright red, flesh white and fine grained, rich, melting and juicy, of the very highest quality, tree young bearer sometimes at age three years from planting, good keeper in most sections, annual bearer.

Spitzenburg—Medium sized, deep red, flesh yellow, crisp sub-acid, high flavored, bears and grows well in most sections.

Stamans Winesap—One of the best Apples for bearing and selling, we strongly recommend this variety, good size, deep red, handsome, juicy and crisp. Keeps well, bears young, an extra good apple both for eating and cider making.

Winter Banana—Large, yellow, shaded and marbled with crimson, quality good, bears young, good keeper, excellent for all uses.

Ben Davis—Large, handsome, striped, good keeper, tree vigorous grower.

Crab Apples

Same price as Apple Trees.

Hyslop—Large, deep crimson, one of the most beautiful, very popular, in our estimation the best for all sections.

Whitney—One of the largest, glossy green splashed with red, firm, juicy and pleasant.

Mulberry Trees

Russian—An old variety, rapid large grower, fruit of fair size and very productive.

Each First class 4 to 6 feet tall. \$0.30

3 to 4 feet tall, mail postpaid.20

New American—Equal to the Downing in all respects and called hardier, very productive, bears very long fruits, and has continuous season, this is one of the best grafted sorts.

Each 1st class 4 to 5 feet tall. \$0.75

3 to 4 feet tall, mail postpaid.50

Downing Everbearing—One of the most prolific of all Mulberries, bears abundance of jet black enormous fruits, trees very hardy.

Each 1st class 4 to 5 feet tall. \$0.75

3 to 4 feet tall, mail postpaid.50

McIntosh Red—Medium size, nearly covered with dark red, flesh white, tender, juicy and crisp, tree very hardy, a good bearer, starts bearing very young, one of the best for planting.

North Western Greening—Large yellow, good bearer, thrifty, keeps well, one of the best yellow sorts.

Wagener—Good size, deep red, firm, sub-acid, excellent keeper and bearer, bears very young, tree upright grower, one of the very best for Orchard planting.

Northern Spy—Large, roundish, slightly conical, striped with sunny side red, flesh white and tender, with a mild, sub-acid, rich and delicious flavor. Tree good grower, one of the best eating and marketing sorts.

JONATHAN

Fallawater—(Tulpehocken) Large, juicy, crisp, pleasant flavor, very productive, color fruit yellow.

Grimes Golden—An extra fine quality apple. Golden in color, good keeper, tree vigorous and productive.

Gano—Form conical, good size, dark red, very attractive, young bearer and good keeper.

Golden Russett—Medium size, dull russett with red showing on one side, crisp and juicy, flavor good, good late keeper.

Talmans Sweet—Good for dessert and culinary work, tree hardy and productive, fruit pale yellow, sometimes blushed, flesh white, and rich in flavor.

BARTLETT

Anjou—A large greenish pear shaded with crimson. The flesh is highly flavored, sprightly, vinous, melting and juicy, one of the best Fall pears in existence, ripens in November.

Clapps Favorite—A splendid pear, resembling Bartlett, and ripening ten days earlier, the tree is hardy and vigorous, fruit juicy, fine grained and delightful, one of the best pears on the market. August.

Flemish Beauty—A large beautiful melting sweet pear, tree very hardy, vigorous and productive, succeeds well in all climates. September.

Duchess (of Angouleme)—One of the very largest of good pears, greenish in color, juicy and a good canning pear, one of the best for Autumn.

Rossney—Ripens about two weeks after Bartlett, and somewhat larger, creamy skin with cheek blushed, flesh melting, juicy, tender, of superior quality and productiveness.

Lawrence—Medium to large, golden yellow, with melting aromatic flesh, cannot be beat for early winter pear. The tree is hardy, vigorous and productive, comes under russett class.

Seckel—Small, skin rich yellowish brown, juicy, melting in the mouth, is a wonderful flavored pear, used a great deal for pickling, sells well on the market. September 15th, ripening.

Keiffer—Very large. Tree a fine grower, makes a beautiful tree for planting along farm drives, fruit white hard when picked from tree if placed in cellar until Thanksgiving becomes very good to eat, sells well for market sort.

Bartlett—Large, yellow, waxy pear, rich and juicy, tree hardy, regular and heavy bearer, probably best pear for all users. September.

Beurre Bosc—Greatly esteemed as a winter pear, large, yellow, flesh white, rich and delicious, has very long stem, sticks well to tree until ripe, tree slow grower, but heavy yielder.

Sheldon—Medium size, flesh a little coarse, rich and highly seasoned, one of the very best russet class of pears.

Koonce—Originated in Illinois. One of the earliest pears, free from blight, does not rot at core like many early pears, very productive.

Wickson—Largest of all so-called Japan Plums, color bright red, pit very small, flesh thick, sweet, tender; good keeper, and very productive.

Lombard—Medium, violet red, juicy, good, hardy and exceedingly productive, we call it the favorite canning plum, sells high on the market, ripens. August.

Gueii—Extensively grown for market, tree hardy and vigorous, an early and abundant bearer, fruit large, roundish, skin dark purple, flesh pale yellow, firm, juicy and sweet, is freestone, ripens last. August.

Yellow Egg—Fruit of the largest, egg-shaped, beautiful yellow color, flesh yellow and very fine for canning and eating, very productive. August.

Shippers Pride—Fruit of large size, it being no uncommon occurrence to have specimens 2 inches around, is nearly round, handsome dark purple, yellow flesh, a good market and canning sort.

York State—Purple, yellow flesh, freestone, good for canning or drying. September.

Burbank—Of Japanese origin, fruit large and fine, amber, turning to a rich bright red, flesh juicy, tender sweet, very productive, ripens early August.

Abundance—Another Japanese Plum, bright red, flesh juicy, tender and very sweet, heavy bearer and brings top notch on the market. Early August.

Bradshaw—Fruit large, dark violet, flesh yellowish green, juicy, and pleasant tasting, tree vigorous, erect and very productive. August.

Rein Claude (Green Gage)—Large, greenish yellow spotted with red, firm, juicy, and sugary, of fine quality, very productive and one of the best sorts for market.

German Prune—Large, dark purple, sweet, good, one of the most popular for canning because of its sweetness and lack of acid. We strongly recommend this prune, both for home and market.

Shropshire Damson—Largest of the Damson class, is much used for preserving, tree vigorous and productive, brings good prices on market.

Pear and Plum Trees, 3-ft. to 4-ft., 40c Postpaid.

CHERRY TREES

Our block of
2-year-old Cherry Trees

Sweet Cherries

We bud our Sweet Cherry on imported French Mazzard stock, making them hardy, long lived and a much better cherry in every way. Sweet Cherries are getting to be a

great seller along the paved highways where they bring 30 cents per quart. Should be planted 18 feet apart on dry soil.

Schmidts Bigerau—One of the better late sorts especially for the Northern sections, color dark red, very large and sweet, very firm and ships well. July.

Bing—Fruit large and black, very delicious, flesh very firm, one of the most profitable, July.

Winsdor—Fruit large, liver colored, distinct, flesh firm, and of very high quality, tree hardy and prolific, a valuable late variety, ripens in July.

Yellow Spanish—Large, pale yellow with red cheek, known as Yellow Oxheart in some places, firm, juicy, and excellent, one of the very best light colored cherries, June ripening.

Black Tartarian—Very large, purplish black, juicy and rich, excellent flavor, very productive, June.

Gov Wood—One of the very best cherries, light red, juicy, rich and delicious, tree healthy and productive, June.

Napoleon—Large, pale yellow showing red, firm, sweet and productive, a good market sort.

Black Heart—(Oxheart) One of those old-fashioned black large sweet cherries you had when a boy, heart-shaped, tender, juicy and sweet. The kind you stole when a boy, ripens in early July.

Lambert—Jet black when fully ripe, flesh firm, solid, rich and juicy, tree strong grower and productive.

Sour Cherries

We bud these on French Mahaleb stock. They don't bush up like the old sorts and make a hedge row. Should be

planted on good drained soil, 16 feet apart. We have a fine lot of 1 year and 2 year stock and they will certainly please.

Dyehouse—A sure bearer, an early variety, ripens a week before Richmond, is a good cherry, and very productive.

English Morello—Late sour cherry, tree not large, growers liable to dwarf, large, blackish in color, and a good all-round cherry.

Early Richmond—Medium size, dark red, melting, juicy, acid flavor, one of the most popular and productive.

Montmorency Large—The best and largest sour cherry grown for market and canning, ten days later than the Early Richmond, is dark red, very firm, one of the best flavored sour cherries, is a regular bearer of enormous crops, brings good prices and ships well, in fact is the best market cherry.

May Duke—An old sort similar to Early Richmond, large, red, juicy and rich.

Cherry Trees, 3-ft. to 4-ft., by mail 40c each.

GUARANTEED PEACH TREES

WE ARE large growers of Peach Trees and sell annually about 100,000 to our customers besides selling some of the biggest Nurseries in the East their supply. Lake Erie grown Peach Trees have been recognized by the Nursery Trade throughout the U.S. as being the best for planting for years. We bud on Southern Natural pits and buds are taken from known bearing orchards. We can sell you better stock than most anyone on these. All peaches are freestones unless stated otherwise.

Prices above on all peaches except Early Ohio.				

Greensboro—Early, white with deep red cheek, flesh white and melting, excellent quality, sells well as there is no other ripening at this time. July.

J. H. Hale—Enormous size, ripens 5 days earlier than Elberta, beautiful round golden yellow Peach, has wonderful flavor, keeps well and is all-round wonderful market sort for planting.

Rochester—Called the best early Yellow freestone, ripens about August 10th, large, very free from stone, trees strong growers, sells remarkably on the market, tree comes into bearing young and is prolific, we call it one of the best sorts for orchard planting.

Elberta—The most popular peach grown for all sections, large, yellow with red cheek, flesh yellow, firm and juicy, exceedingly prolific, sure bearer and very hardy, one of the best for orchard planting.

Wilma—(Late Elberta) A seedling of the Elberta, about ten days later, in shape a trifle rounder, colors up better, has fully better flavor, and has the advantage of coming when Elberta is gone.

Yellow St. John—This is one of the earliest yellow freestones, sure bearer, nearly as large as Early Crawford which it resembles.

Carman—White with red cheek, flesh white, size large, fine flavor, good seller on the market. July.

Heath Cling—White clingstone, very large, used for pickling and canning with stone in, good flavor, ripens in October.

Beer Smock—A large yellow fleshed peach, an improved Smock Free which it resembles, ripens few days later and is a better bearer, one of the best late canning peaches on market. September.

Champion—White with red cheek, very large, early and productive, sweet, rich, juicy, very hardy and productive, one of the best white sorts. August.

Crosby—Medium size, round, yellow, a heavy bearer, bears nearly every year, bright yellow and good quality.

Early Crawford—A magnificent large yellow peach of extra quality. Early in September.

Kalamazoo—A leading market sort, large, yellow, productive, very profitable. Early in September.

Lemon Free—Lemon shape and color, light yellow inside, extra good for canning, one of the best bearers in existence, very hardy in all climates, a good sort for commercial plantings.

Niagara—Originated in York State, Sure bearer and hardy, yellow freestone, very good quality.

New Prolific—A very prolific, high grade yellow freestone Peach, ripens week after Elberta and is by many people thought the best canning Peach there is, we strongly recommend this as one of the home and commercial sorts. September.

Fitzgerald—Fruit large, brilliant yellow covered with red, flesh dark yellow, very hardy and productive, one of the very best market sorts.

Banner—Large yellow with red cheek, a very handsome peach which sells well in any market, quality of the very best either for canning or table use.

Admiral Dewey—One of the best early freestones, a very good market sort, ripens in July.

Smock Free—Large, yellow, red cheek, bright yellow flesh, one of the best sorts. Late September.

Late Crawford—Very large, yellow, one of the very best, ripens October.

Salway—Best late peach sold on market, yellow, large and prolific, tree hardy and vigorous grower, flesh juicy, rich, sweet. Ripens October 1st.

Belle of Georgia—Very large, white with red cheek, flesh white and firm, excellent flavor, tree vigorous grower, a good white sort. Early September.

Stearns—A beautiful yellow freestone, with good quality flesh of deep yellow, a prolific bearer, extremely hardy and a good market sort.

Salberta—A highly successful cross between Salway and Elberta, conserving the size and quality of the Elberta and the lateness of the Salway making it a truly wonderful Peach, it has been used in Northern Ohio successfully and pleases all people who have tried it. September late.

3-foot Peach Trees, by Mail 20c, Postpaid.

QUINCE TREES

The Quince crop is quite regular and weather and pests do not bother it very much. Trees should be planted 12 feet apart. Quinces will stand quite damp ground.

Strawberries

Our strawberries are grown on rich, gravelly soil this season by a man who is a strawberry specialist, consequently we have a wonderful bed of about 175,000 strawberries to offer to the trade. To every row of female plants one row of males should be planted to fertilize the blossoms, males can be planted alone. Our Northern grown plants are worth double the cheap plants you see offered.

Strawberry prices unless noted:

FRAU KARL DRUSCHKI

Hybrid Perpetual Roses—Continued

Frau Karl Druschki—The Regal White American Beauty. The distinctive form and expression of its bud, half opened state and maturity makes it a threefold wonder in all its stages. In gardens it commences blooming with other June Roses and are conspicuous throughout the summer with their waxy white loveliness and blossom until frost comes on and stops them.

Gen. Jacqueminot—Known as the Gen. Jack rose, this is one of the old reliable dark red roses, free blooming, rich crimson scarlet, one of the most beautiful.

Marshall P. Wilder—Bright cherry red, a shapely globular flower, free bloomer and one of the very best roses.

Ulrich Brunner—Cherry red, a popular forcing sort, and one of the varieties in most orders for Hardy Roses, its flower construction, and habits are very pleasing, and the color appealing, a very good rose.

Persian Yellow—An old favorite, semi-double, deep golden yellow.

Capt. Hayward—Large full flowers, which are high built, with characteristically rolling edges to the petals, the color is strong and attractive, a rich carmine velvet crimson.

Mrs. R. G. S. Crawford—Large, perfectly formed, deep, rosy pink, fragrant, outer petals shaded pale pink, a vigorous bloomer and grower.

J. B. Clark—Intense deep scarlet blooms, of immense size, and moderate fragrance, a vigorous grower with upright canes.

Cho—A large globular rose, sweetly fragrant, satiny flesh color, with pink center, which when two-thirds open is perfectly cup-shaped, the beauty is enhanced by its deep green foliage, one of the best pinkish white roses sold.

George Arends—Called Pink Druschki. This rose is the finest rose that has been introduced in the past ten years, growth is vigorous, long stems, profuse entire summer with blooms, color delicious shade of satiny rose pink. One you ought to plant.

Baby Rambler—Red, a dwarf form of crimson Rambler, flower similar to Crimson Rambler, is used generally for flower pots, is very handsome.

Hardy Climbing and Rambler Roses

Each
Mail postpaid, 2 year full grown.....\$0.50

Crimson Rambler—Plant a vigorous hardy climber, flower of dark red, one of the very best for porch work and lattice work.

Dorothy Perkins—A beautiful shell pink climbing rose, this is the finest rose for hedging and arbors of any we ever have seen.

White Dorothy Perkins—Like the Dorothy Perkins only in color it is beautiful soft white that makes it very beautiful.

Roserle—Color beautiful deep glowing pink, a sport of the Tausendschon, which it resembles except in color, a heavy grower and a good climber for all work.

American Pillar—One of the most valuable of the hardy climbers, flowering profusely in large compact clusters, brilliant carmine rose in color.

Climbing American Beauty—This new climbing form of the American Beauty retains all the good parts of this famous pink rose and is a climber to boot, it is a strong grower, one of the best climbers that has ever been propagated.

Doctor Van Fleet—One of the newer type of climbers which combine absolute hardiness with flowers large as the Tea and Noisette classes, this variety shows a mass of beautiful clustered buds which open into large, shapely flowers. Delicate flesh white, a good kind for cutting.

Pauls Scarlet Climber—Winner of Gold Medal at National Rose Society's Exhibition. Flowers are scarlet shaded crimson, corresponds to Climbing American Beauty, Dr. Van Fleet and others as to size and beauty, blooms long, an excellent variety for pergola work and one of the best climbers yet sold on the market.

EUROPEAN SYCAMORE (Oriental Plane Tree)

American Linden (Basswood)—A beautiful, rapid-growing tree with large, broad leaves and fragrant flowers. The bloom furnishes the best of bee pasture. The linden should be extensively used as a lawn tree; it is also very valuable for park and street planting. It thrives in moist, rich soil, but does well in any good soil. 6 to 8 feet, \$1.25.

Maple Sugar, or Rock (Saccharum)—Large trees to 120 feet with gray bark. Long lived. Grows well except in damp, soggy soils. An excellent street and shade tree of upright, dense growth. Leaves turning bright yellow and scarlet in autumn. 6 to 8 feet, \$1.00 each; 8 to 10 feet, \$1.50 each.

ASH, American White (Americana)—A handsome, hardy, broad headed, quick growing shade tree, sometimes reaching 120 feet in height. Very valuable in landscape work, for park and street planting, 6 to 8 feet, \$1.25.

European Mountain (Sorbus Aucuparia)—An ornamental deciduous tree with beautiful foliage, which turns orange-red in the fall. The fruits are showy and often remain all winter, if not eaten by the birds. Not particular as to soil. 6 to 8 feet, \$1.25.

RHODODENDRON

Catawbiense. Compact growing bush with broad, roundish leaves; flowers lavender pink; free flowering; early June. 6 feet, 1½ feet, \$2.50 each.

BEECH, American (Grandiflora)—A noble, native tree of large size and round, spreading habit. Attractive at all times but especially so in winter and early spring, when the bark is grayish-white. The medium sized, triangular-shaped nuts are sweet and fine flavored. 6 to 7 feet, \$1.50 each.

Japan Flowering Cherry (Mt. Fugii)—Famous flowering cherries of Japan. Beautiful specimens, blooming in profuse panicles. 3 to 4 feet, \$2.00 each.

Sycamore, European (Oriental Plane)—Erect growing, wide spreading tree; bright green, heart-shaped leaves; beautiful mottled trunk. This tree is extensively used for park and street planting as well as for shade for the lawn. It is a healthy, fast growing tree; we consider it the best all-round fast growing tree for this part of the country.

	Each	Per 10
6 to 8 feet.....	\$1.10	\$10.00
8 to 10 feet.....	1.25	

Magnolia acuminata (Cucumber Tree)—A fine pyramidal tree with upright branches. Leaves oblong, bright green, turning yellow in autumn. A valuable shade tree. 6 to 8 feet, each \$1.75; per 10, \$15.00.

Tulip Tree. (Whitewood)—One of the grandest of our native trees; of tall pyramidal habit, with broad, glossy, fiddle-shaped leaves and beautiful, tulip-like flowers; allied to the Magnolia. Leaf color is clean, rather bluish-green shade which in fall turns brightest yellow. Flowers are 1½ to 2 inches long, light greenish yellow marked at inside base with orange; appearing in May or June. 4 to 6 feet, \$1.50.

Bectel's Flowering Crab—Makes a medium sized tree; perfectly hardy, succeeds well in most soils. When in bloom appears to be covered with delicate pink, perfectly double small roses of delicious fragrance. 3 to 4 feet, \$1.50.

Maple, Schwedlerii—A beautiful variety of the Norway Maple with leaves of bright crimson color, changing to purplish green late in the autumn. One of the most valuable trees for contrast in foliage. 8 to 10 feet, \$3.50.

Send Your Orders Early.

HARDY FLOWERING PLANTS

Dahlias

Peace —White with lilac markings, tall grower.....	.10

ALBATRE PEONY

Peonies

WE are growing the following selected sorts of Peonies and are offering both for Spring and Fall 1926 at following rates: Each Per 10 By mail postpaid.....\$0.40 \$3.50

Albatre—Late white, flecked carmine, creamy collar waxy white, very fragrant, opens like a rose bud.

Boule de Neige—Midseason, milkwhite, sulphur center, prominently flecked crimson, finest for cutflowers.

Edulis Superba—Earliest, bright pure pink, with silvery reflex, best cutflowers.

Festiva Maxima—Very early, pure white, extra tall, strong vigorous grower, the most popular white.

Duc de Wellington—There is no variety of white that has so many admirers as this one, flowers of enormous size, ideal for cutflowers.

Louis Van Houttei—Bright red, very fine, large flowers, an old favorite.

Madame Emile Galle—Delicate pink, claimed to be one of the best peonies.

Marguerite Gerard—Shell pink, midseason, a great favorite.

Rubra Superba—Magnificent, rich, brilliant, deep crimson, very large, full and double, very fragrant and good keeper.

Perfection—Shell pink, very late, large full double flowers, perfect shape, vigorous grower.

Beautify Your Home.

REGALS LILLY

One of the most beautiful of all known lilies. It is a new introduction from Northern China, and once it becomes generally known it will be used exclusively as an Easter Lily.

It is very hardy and will bloom out doors in June or early July. Mature bulbs produce from 5 to 15 flowers on a single stem which retain their freshness over quite a long period. Price, 3 year old bulbs, 60c each; 2 for \$1.00; 12 for \$5.50.

Lilies

STATELIEST and most aristocratic of all garden plants. Being hardy, the list of Lilies ordinarily run with the other perennials; but being supplied as bulbs, they might be overlooked if not offered near-by the other spring bulbs—such as Dahlias, Gladioli, etc. No garden could be complete without some representation from this noble family.

GENERAL COLLECTION

Auratum—(Gold Banded Japan Lily). This variety has ever been a great favorite. The flower heads are large, with broad petals gracefully recurved. White, thickly studded crimson-maroon, with a wide gold band down the center of each petal. Improves with age, and produces a vast amount of bloom. 35c each; \$3.50 per doz. Extra large, 50c each; \$5.00 per doz.

Speciosum Album—Pure white with a green band traversing the center of each petal. 30c each; \$3.00 per doz.; \$22.50 per 100, by express.

Speciosum Rubrum—This is one of the joys of August; ruby spots distributed over a broad expanse of white. 30c each; \$3.00 per doz.; \$22.50 per 100, by express.

Superbum—Runs from 3 to 6 feet in height, its nodding crests adding to the general brilliance of July, with from five to forty handsome orange-red blooms. 20c each; \$2.00 per doz.; \$15.00 per 100, by express.

Tigrinum Splendens—The dear old single "Tiger Lily." 20c each; \$2.00 per doz.

Hardy Phlox

Perennial Phloxes can be used to advantage in the hardy border, in large groups on the lawn, or planted in front of belts of shrubbery, where, by judicious pinching back and removing faded flowers, a constant succession of bloom may be had until frost. Except the dwarf species, all Hardy Phloxes are admirably adapted to cutting.

We offer a select list of strong field grown roots.

Athis—Tall. Abundant, medium sized spikes of salmon pink. 20c each.

Beacon—Cherry red. This variety is indeed cheery, and welcome in collections which have of late shown the need of good red color. 35c each; \$3.50 per doz.

Creppsle—Mauve, 20c each.

Antonin Mercie—Lilac White Eye, 20c each.

Europea—White Crimson Center, 20c each.

B. Comte—Purple, 20c each.

Thor—Salmon Pink, 20c each.

YUCCA Filamentosa—(Adams Needle or Spanish Bayonet). A stately foliage and flowering plant, always conspicuous. The broad, sword-like foliage is evergreen; supporting a showy display of pendent creamy-white bells. 25c; \$2.50 per doz.

Caladium Esculentum

(Elephant's Ear)

Caladium Esculentum—(Elephant's Ear). For obtaining tropical effects in lawn and garden planting this beautiful plant takes a prominent place. Stands six to seven feet high, with bright green leaves three to four feet long and two and one-half feet wide. Should have plenty of water and good rich soil. Is a splendid adornment for the banks of fountains and lily ponds, or any rockery work where plenty of moisture is available.

Extra large bulbs, 35c each; \$3.50 doz.; \$3.00 doz. by express.

Cannas

Queen Helen—("Yellow King Humbert.") This is a wonderful new "sport" from King Humbert, bearing the same graceful heart-shaped leaves, but richly **all-green** instead of bronze; the same regal type and immense size of flower, but a **brilliant yellow** instead of red, and produced much more abundantly. Although the general effect is yellow, each petal is beautifully spotted with red; without question one of the handsomest varieties in this type. 4 to 5 feet, 25c each; \$2.50 per doz.

The President—This magnificent red Canna (introduced in 1918) won the gold medal from the National Department of Horticulture; and in respect for its upstanding character, distinguished attributes and splendor, was fittingly named "The President." The flowers are immense, round, firm—often 7 inches across—of extra good quality and borne in the greatest profusion. The color is unfading, pure, glowing scarlet; foliage rich green. Of all the green leaved sorts above medium height, this is the best dark red. 4 feet. 25c each; \$2.50 per doz.; \$18.00 per 100 by express.

Crimson Bedder—Dazzling crimson-scarlet, well displayed above the foliage. This is one of our own, most conspicuous and satisfactory red bedding Cannas. 3½ to 4 feet, 25c each.

Fern

Bostoniensis—(Boston Fern). Every recent year brings forth a new-named fern; yet nearly all are derivations from this "Boston" Fern, and the parent type is still as beautiful, useful and popular as ever. Fully matured fronds attain a length of 3 to 4 feet. 2½ inch pots, 20c. By express: 5 inch pots, \$1.00 each; 6 inch pots, \$1.50 each, 8 inch pots, \$3.00 each.

HARDY CHRYSANTHEMUMS

Glory of Seven Oaks. ("Everblooming Hardy 'Mum'"). Brilliant clear yellow. Earliest and longest season of any field variety, popular for any use.

Old Homestead. Good heads of bright rose pink.

Red Indian. Crushed-strawberry red over copper.

Victory. Very floriferous; snow white.

Unless noted, 20c each; \$2.00 per doz.

Everything Well Grown and Properly Packed.

SEED DEPARTMENT

Our Seed Trade is entirely through this catalogue. It is the only agent we employ. We send out no seeds to be sold again on commission, but deal direct with the planters; thus devoting all our resources to supplying them with the best and finest stocks obtainable at the lowest reasonable cost. The substantial increase in business each year, rewards our policy, and proves that our seeds are meeting the requirements of particular planters.

About Prices. At prices named, all Seeds you may order in Packets, Ounces, Half-Pounds, Pounds or Two Pounds, will be delivered by mail, postpaid.

Unless noted, all other quantities larger than two pounds will be sent at purchaser's expense, whether by Mail, Express or Freight.

GUARANTEE OF GENUINENESS. While we exercise great diligence and care to have all of our seeds true to name, and hold ourselves in readiness, on proper proof, to replace free of charge all Seed that may prove untrue to name, or refund the amount paid; it is mutually understood and agreed to between the purchaser and ourselves, that our guarantee of genuineness shall in no case make us liable for any sum greater than that originally received for said Seeds that prove untrue.

Allen's Nursery & Seed House

Asparagus

Prices on all varieties, unless noted $\frac{1}{2}$ oz. 5c, $\frac{1}{4}$ lb. 20c, 1 lb. 60c.

Columbia Mammoth White—Pure white tips, fine, keeps well.

Conover's Colossal—A great, old standard sort, of rapid growth.

Palmetto—Lighter in color, large and productive, of good quality.

Washington Rustproof—We are pleased to be able to offer seed of this new American strain of Giant Asparagus. It is the first result of a plant-breeding campaign started by the United States Department of Agriculture to produce a rust-resistant asparagus. Rust-resistant and vigorous plants selected from thousands have been crossed with a single male plant "Washington" and most careful, re-selection practiced. Grown on our own farms from seed sent us by the U. S. Dept. of Agriculture.

Pkg. 10c, oz. 20c, $\frac{1}{4}$ lb. 75c.

BEANS

Prices on all Beans unless otherwise mentioned $\frac{1}{4}$ lb. 10c, $\frac{1}{2}$ lb. 15c, 1 lb. 25c, 1 pk. \$3.00, 1 bu. \$10.00. (Exception Lima Beans).

Peck and Bushel Prices by express, others postpaid.

Our Bean Crop this season was the finest we ever grew and can quote prices on car lots. We will duplicate prices of any reliable Seed House.

When you purchase Beans by the pint you get 14 oz. We give you 1 lb. or 16 oz. and pay the postage.

Wax or Yellow Podded

Rogers' Improved Kidney Wax—Rich, creamy white, slender, oval pods, 5 to 6 inches in length free from rust, perfect shape and entirely stringless. Seed white in color with black eye. Plant grows robust, 18 inches in height, erect, bushy and very prolific. We know of no Wax Bean that is more desirable for home garden, wonderful new bean, which has but recently been put on the market.

Wardwell's Kidney Wax—This gives general satisfaction everywhere and is one of the best and earliest. On account of its hardness it can be planted earlier than any other wax bean; yellow pods, fine flavored and brittle, best for home or market.

Currier's Rust Proof—A very good wax bean of rust resisting qualities, good keeper, fine shipper, generally satisfactory.

Davis White Wax—This bean is adapted alike for the canner, market gardener, shipper or amateur. The dry bean is large, kidney shaped and white in color, making it one of the best for cooking in a dry state. Pods are long, meaty, flat in shape and of a beautiful yellow color and fair quality.

Round Pod Kidney Wax—A bean of superb quality, very tender, entirely stringless, makes vigorous growth, beans nearly white, one of the best for string beans.

WARDWELL'S WAX

Prices quoted are postage paid. Guaranteed safe arrival to your mail box.

BEANS—Continued

Green Podded Varieties

Bountiful—A new green pod variety, Superior quality, productive and early, bears early and stays edible through a long season, pods often 6 inches long, a good variety for Market Gardeners.

Extra Early Red Valentine—Pods round and fleshy, almost stringless, hardy growers of a big crop, 10 days earlier than the old Valentines.

Early Refuge—Very productive even in a dry season, extra long pods of good quality.

Burpee's Stringless—This variety claims considerable attention in recent years, due to its fine combination of good qualities.

KING OF THE GARDEN

Pole Lima

King of the Garden Lima—The old standard market and family sort. The vine begins to produce pods at the foot of the pole, and the bearing season continues until frost. Pods are large and well filled with beans of mammoth size. $\frac{1}{4}$ lb. 10c, $\frac{1}{2}$ lb. 20c, 1 lb. 30c.

Carpinteria—A new early variety, which bears abundantly, with three to five large, meaty beans to the pod. These are of rarest flavor and quality, retaining their distinguishing green color even after being dried. We would say this sort is one of the very best.

$\frac{1}{4}$ lb. 10c, $\frac{1}{2}$ lb. 20c, 1 lb. 30c.

Bush Limas

Burpee's Improved Bush Lima—This is a good early one, pods 5 to 6 inches long and full of beans of finest quality. $\frac{1}{4}$ lb. 10c, $\frac{1}{2}$ lb. 20c, 1 lb. 30c.

Fordhook Bush Lima—An ideal bushy growth with upright stem and branches. Enormous bearer of thick meaty beans of excellent quality. Early and the most productive of the Limas. $\frac{1}{4}$ lb. 12c, $\frac{1}{2}$ lb. 20c, 1 lb. 35c.

Field Seed Beans

There were a great many Beans planted last season, but the early frost caught the large planters' beans when they were not ripe, consequently there is a shortage in the Bean Crop and high prices; in fact, it does not make any difference how big a crop is raised, the price will be high for a number of years.

Hand Picked Marrow, \$6.00 per bushel.

Hand Picked Navy, \$6.00 per bushel.

Hand Picked Kidney, \$6.00 per bushel.

Bags free. Get our prices in car lots.

Pole Beans

Early Golden Cluster—The finest of all the waxed podded pole beans, pods from 6 to 8 inches long, produces up to frost, entirely stringless and of excellent quality, good for baked beans when dry.

Lazy Wife—This bean is surely a wonder in production and lasting qualities, gives general satisfaction. Everyone who saw this bean last year was immensely pleased and there is sure to be a good trade on this bean.

Kentucky Wonder—This is surely stringless, pod 7 inches long, full of large, fine beans, good dry or green, if gathered will continue to set a large crop until frost. Should be in everyone's garden.

Giant French Wax—A recent introduction from France. This wax has proved in U. S. to be all there is claimed for it. Giant in production of large pods 8 inches long of a beautiful transparent golden color, will grow 8 feet high and are simply loaded down with immense loads of pods filled with a large quantity of fine beans. A basket filler of pods or shelled beans. We believe this bean will be planted more than all others as soon as better known. Demands good soil.

BEETS

Our Beet Seed is of the best carefully selected stock and true to name.

Prices on all Beets $\frac{1}{2}$ oz. 5c, 1 oz. 10c, $\frac{1}{4}$ lb. 20c, 1 lb. 75c.

Eclipse—Early and smooth, roundish, good quality, can't be beat.

Crimson Globe—From England and still one of the best globe shaped beets. Can be marketed early.

Allen's Select—Several years ago we noticed in a bed of Crosby's Egyptian, a beet that grew faster and larger, and matured earlier than the rest. After carefully testing and saving the seed, we become convinced that this beet is not only of commercial value, but deserves trial by all lovers of beets. It is globular in shape, dark red color, fine flavored and a good keeper, ripens early, excellent for greens. We can spare only a limited quantity of this seed.

Crosby's Egyptian Improved—A quick grower, best quality, good for forcing in or out of doors, roundish, well colored, a favorite with market gardeners in this section. Our seed is fresh and will satisfy.

Detroit Dark Red—Small tops, can be planted closer than some, very sweet, fine for table use.

DETROIT
DARK RED

Prices quoted are postage paid. Guaranteed safe arrival to your mail box.

Swiss Chard

Lucullus—This is so far the best, we feel that there is no use offering any others, the leaves and stalks are very tender, making best of greens.

$\frac{1}{2}$ oz. 5c, 1 oz. 10c, $\frac{1}{4}$ lb. 20c, 1 lb. 75c.

Mangel Wurtzel

Mammoth Long Red—Grows to an immense size in good soil, has yield of 1,400 to 2,000 bushels per acre. Every farmer should grow $\frac{1}{4}$ acre of these for his hogs, chickens, cows or any stock. This is our largest seller and always satisfies.

$\frac{1}{2}$ oz. 5c, 1 oz. 10c, $\frac{1}{4}$ lb. 20c, 1 lb. 60c, 5 lbs. \$2.50.

Golden Tankard—A big cropper of long, round shape, skin golden yellow, claimed to contain more sugar and richness than any other.

$\frac{1}{2}$ oz. 5c, 1 oz. 10c, $\frac{1}{4}$ lb. 20c, 1 lb. 75c.

Sugar Beets

Our Sugar Beet Seed is grown by an expert in the heart of the sugar beet district of Michigan and we feel that no one can place a finer or fresher article, for near this price, on the market. He grows beets for the sugar factory himself and knows the necessity of good, pure seed.

Klein Wanz Leban—The most cultivated and probably the best heavy yielder.

$\frac{1}{2}$ oz. 5c, 1 oz. 10c, $\frac{1}{4}$ lb. 20c, 1 lb. 60c.

Lane's Imperial—An improved French sugar, will yield 10 to 40 tons per acre in good soil, perfect shape and large size. Prices same.

$\frac{1}{2}$ oz. 5c, 1 oz. 10c, $\frac{1}{4}$ lb. 20c, 1 lb. 60c.

Broccoli

Early Purple Cape—This plant is similar to Cauliflower in table use, only it has a large purple head.

Postpaid, 1-6 oz. 5c, 1 oz. 30c.

Brussels Sprouts

Improved Danish—The only good one, sold under many different names. Plant seed in April.

Postpaid, 1-3 oz. 5c, 1 oz. 10c.

GIANT PASCAL

EARLY FLAT DUTCH

Allen's Guaranteed Cabbages

Finest Danish Grown Seed—After carefully investigating and trials, we have found that Danish Grown Cabbage Seed not only is free from all diseases of the root, but produces better heads, a heavier crop and more uniform fields than we formerly had with our home grown seed; so we have imported enough Cabbage Seed from Denmark's most famous producer to take care of our trade.

Prices on all Cabbages, $\frac{1}{4}$ oz. 5c, 1 oz. 20c, $\frac{1}{4}$ lb. 50c, 1 lb. \$1.75.

Copenhagen Market—Here is an early, round headed cabbage equaling Jersey Wakefield for earliness, light green leaves of remarkable solid head that will mature about the same time. This is just what market gardeners are after.

Improved American Savoy—The Savoy Cabbages deserve to be better known in America. They are large and of excellent flavor.

Early Jersey Wakefield—From selected stock. This is a market favorite as well as fine early cabbage for summer use, grows quickly and cooks tender.

Danish Ball Head—The heads are of medium size to large, fine white color, thick meat and can be kept all winter to good advantage. One of the best market sorts.

Early Flat Dutch—One of the most desirable second early varieties, maturing a good flat head.

Glory of Enkhuizen—Has become a great favorite very quickly, early round headed, dark green heads, of medium size, but of best quality.

Lightning Express—The earliest cabbage grown, will mature 10 days sooner, we believe, than any other cabbage. Better try this.

Premium Flat Dutch—Highly valued everywhere, where cabbage is grown.

Volga or Stonehead—Larger than Danish Ball Head, matures more perfect cabbages on an acre of the poorest ground we ever saw, keeps longest in winter. We know you will like this cabbage.

Old Standard Giant Red Ball Head—Best red, similar to Danish Ball Head, but for color.

CELERY

Nothing is harder to please a customer with than celery seed. To overcome this we are aiming to bring each variety to a perfect standard as our other "GUARANTEED SEEDS" and to those who have never used our seeds, we can only ask a trial on our celery seeds and let your future seed orders be governed by the results.

Giant Pascal—One of the best on the market. It produces perfect branched stalks, 2 ft. long, crisp and thick, blanches early and easily, fine keeper and shipper.

$\frac{1}{4}$ oz. 10c, 1 oz. 15c, $\frac{1}{4}$ lb. 45c, 1 lb. \$1.45.

White Plume—A good early variety, easy to blanch.

$\frac{1}{4}$ oz. 10c, 1 oz. 15c, $\frac{1}{4}$ lb. 50c, 1 lb. \$1.50.

Golden Self Blanching—A great self-blanching variety, easily marketed and a great keeper, of fine quality and has just enough of the nutty flavor that makes celery popular for flavoring and eating.

$\frac{1}{4}$ oz. 10c, $\frac{1}{2}$ oz. 20c, 1 oz. 30c.

Prices quoted are postage paid. Guaranteed safe arrival to your mail box.

CUCUMBERS

On no seed can you gain more by buying our way than you can on Cucumber and other Vine plants. You gain almost ten times as much by buying by the oz. and lb. as by the old style pkg. There is a secret in keeping this seed so it will germinate and gain from 6 to 10 days in growing maturity, and a trial of our seed, side by side with any other seed will convince you.

Prices on all cucumbers, $\frac{1}{2}$ oz. 5c, $\frac{1}{4}$ lb. 30c, 1 lb. \$1.10.

Fordhook Famous—Strong grower and very productive, does not blight, makes good pickles, grows from 12 to 15 inches, very tender and crisp, practically spineless.

Davis Perfect—This is King of Cucumbers, largest, a heavy bearer of perfect salable fruit, becoming known everywhere and a general favorite.

Early White Spine—A good crisp one, early to mature, a general favorite as an early variety, widely planted for pickling factories, etc.

Japanese Climbing—This variety can be trellised and will not blight. An immense size, a novelty of the best quality, from 40 to 50 large fruits have been counted on one vine at a time.

Chicago Pickling—A big favorite at pickling works, grows the fruit in bunches, a regular mass of blossoms and pickles when gathered daily.

Boston Pickler—A good one, general favorite in the eastern markets, one of our best sellers.

London Long Green—This is far the best long green variety. 12 to 16 in. long of a superior quality, the young fruit is best for pickling and when matured is fine for sweet pickles, a good slicer.

Short Green—Similar to Long Green but matures earlier, shorter, great favorite for picklers and market.

Arlington White Spine—One of the most profitable of the white spine. It is the leading variety in many eastern markets.

Thorburns Everbearing—Early sort, excellent for pickles, bear from early until late, few seeds, extra solid, of nearly perfect shape.

Early Fortune—Rich, dark green color, 7 to 8 inches long when left for slicing, good shipper and market sort, few seeds and equally as good for pickles as for slicing, very resistant to disease, one of the best sorts.

Cool and Crisp—(65 days) Fruits are straight, long, even and slim, and of a healthy dark green color. Very productive, and by reason of its uniform shape, makes one of the best pickling sorts, also excellent for slicing.

CAULIFLOWER

DANISH GROWN SEED

Genuine High Class

Remember 1 oz. of Cauliflower seed makes 1,500 to 2,000 plants.

Early Snowball—Very early and one of the surest to head. If seed is sown in March will be ready for use in June. Dwarf grower with good size heads, valuable for late planting as well as early.

1-10 oz. 10c, $\frac{1}{4}$ oz. 25c, 1 oz. 90c.

Ford's White Sure Head—An improved snowball of best quality, and excellent variety, good header in dry weather, and does well in all climates.

1-10 oz. 10c, $\frac{1}{4}$ oz. 25c, 1 oz. 90c.

EARLY
FORTUNE

CARROTS

Prices on all Carrots, $\frac{1}{2}$ oz. 5c, 1 oz. 10c, $\frac{1}{4}$ lb. 25c, 1 lb. 90c.

Giant Intermediate—A cross between Oxheart and Chantenay, beautiful in color and a money maker of best quality for farmer and market gardener alike. Length of Chantenay and size of Oxheart.

Oxheart—Forms a thick root 3 to 4 inches in diameter, and produces large crops. Some report growing 800 bushels to the acre.

Improved Danvers—A standard market sort, fine for table use, a rich orange, 6 to 8 inches long, $2\frac{1}{2}$ inches thick, very productive.

Chantenay—Like Oxheart, but larger, deep orange. We like this for table use, best half long variety.

Improved Long Orange—Standard late, immense producer of long carrots, good keeper, demands deep soil.

Improved White Belgian—This is the universal Stock Carrot of Belgium. Dairymen prize it for its great amount of saccharine, immensely productive. There is no vegetable grown that will produce the amount of feed and is so much relished by all kinds of stock. Good keeper.

OXHEART
CARROT

Corn Salad

Large, round leaved, used during winter for lettuce, or cook like spinach. $\frac{1}{2}$ oz. 5c.

Cress

Water Cress—An improved Cress, grows in ponds and streams. $\frac{1}{4}$ oz. 10c.

Chicory

Resembles Parsnips, root when dried makes a good substitute for coffee, or when mixed, adds a mild pleasant flavor. $\frac{1}{2}$ oz. 5c.

Prices quoted are postage paid. Guaranteed safe arrival to your mail box.

Dandelion

Improved, large leaved; an imported variety of large size, makes several times as many greens per plant as the common Dandelions. Will supply itself after first planting. $\frac{1}{4}$ oz. 10c.

Egg Plant

New York Spineless—Is a great improvement over the old time Egg Plant, deep purple, of large size, highest quality.

$\frac{1}{8}$ oz. 5c, $\frac{1}{2}$ oz. 15c, 1 oz. 30c, $\frac{1}{4}$ lb. \$1.00.

Black Beauty—Early, large and productive, deep color and gives general satisfaction, easy to grow.

$\frac{1}{8}$ oz. 5c, $\frac{1}{2}$ oz. 15c, 1 oz. 30c, $\frac{1}{4}$ lb. \$1.00.

BLACK BEAUTY

Endive

Endive is one of the best salads for Fall and Winter use.

White or Moss Curled—Fine quality, beautifully curled.

$\frac{1}{2}$ oz. 5c, 1 oz. 10c, $\frac{1}{4}$ lb. 25c.

Green Curled—Very hardy, dark green.

$\frac{1}{2}$ oz. 5c, 1 oz. 10c, $\frac{1}{4}$ lb. 25c.

Broad Leaved Batavia (Escarolle)—

$\frac{1}{2}$ oz. 10c, 1 oz. 15c, $\frac{1}{4}$ lb. 40c.

Kale or Borecole

Dwarf Green Curled Scotch—The best variety. Improves in winter, green and beautiful. $\frac{1}{2}$ oz. 5c.

Kohl Rabi or Turnip Rooted Cabbages

Early White Vienna—Flesh white and tender used before fully grown. $\frac{1}{4}$ oz. 5c.

Early Purple Vienna—Same except color. $\frac{1}{4}$ oz. 5c.

Leek

Broad American Flag—Best. $\frac{1}{2}$ oz. 5c.

Lettuce

We take great pains in having Lettuce Seed pure and all plants showing a difference are taken out. We believe that market gardeners will make no mistake in giving our seed a trial. It is fresh and ready to start like all of our "GUARANTEED SEEDS".

Price in all varieties of Lettuce, 1-3 oz. 5c, 1 oz. 15c, $\frac{1}{4}$ lb. 40c, 1 lb. \$1.50.

Iceberg—Very solid, compact heads. Fine flavor and crisp, one of the best headed varieties. From what we have seen of this we believe there is none better.

Denver Market—Light green, tender and crisp, leaves finely wrinkled, good flavor.

May King—One of the first to mature for the table and a good one.

Hanson—Probably the largest variety in cultivation, a rapid grower, crisp and tender, stands a long season without becoming tough.

California Cream Butter—Claimed to be the best flavored, and a good one.

New York—Crisp and dark green. One of the earliest sorts, ranks better than Big Boston. This Lettuce is one of the very best to grow for home gardens. A new sort, but we are offering it in limited amount.

Grand Rapids, Ashtabula Strain—This strain of lettuce has been famous in all the leading cities for its crisp appearance after its long shipments, rapid growth in greenhouse or hotbed makes it the highest sought after by all growers of lettuce. Our strain is 99 per cent pure and is being used by leading greenhouse men.

Early Prizehead—This old standard variety is still the best of the large, thin-leaved, clustering sorts for the home garden, but is not a good kind to ship a long distance as the leaves are so tender they are easily spoiled in handling. The leaves are very crimped, bright green tinged with brownish red and are exceedingly tender, crisp and sweet forming a large, loose head.

Big Boston, Selected Stock—With gardeners who ship north, many of whom plant our seeds exclusively, this is the most popular; the best early, large heading sort, a valuable first early. Plants are vigorous, mature heads of bright green leaves which are very tender.

Simpson's Early Curled—Does not head, but forms a compact mass of curly leaves of yellowish-green color. It matures early, generally grown in cold frame and as an outside crop.

Black Seeded Simpson—This is not a head lettuce, but spreads a mass of curled leaves around over the ground, it is excellent and a favorite with many.

Mixed Lettuce Seed—So as to give variety.

Market Gardeners Send Your List for Prices

Mustard

Chinese or Giant Southern Curled—Very large leaves, which often measure 15 inches. Are ready for use in about 45 days from sowing. Plants will continue to yield until frost. Leaves are eaten boiled like spinach.

$\frac{1}{2}$ oz. 5c, 1 oz. 10c, $\frac{1}{4}$ lb. 20c, 1 lb. 60c.

White—This is very popular, one of the best for general use, flavor mild and excellent.

$\frac{1}{2}$ oz. 5c, 1 oz. 8c, $\frac{1}{4}$ lb. 20c, 1 lb. 50c.

Brown—Some people prefer this variety on account of its strong flavor, large leaved. Prices same as White.

Okra

White Velvet—Very prolific, free from spines. $\frac{1}{2}$ oz. 5c.

Prices quoted are postage paid. Guaranteed safe arrival to your mail box.

Muskmelons

The general satisfaction that our Melon Seed gave last season again proves the superior quality of our Melon Seed. For years this Seed has stood the test of the most critical planters in the United States until today we are leaders in this line.

Prices on all Muskmelons $\frac{1}{2}$ oz. 5c, 1 oz. 10c, $\frac{1}{4}$ lb. 25c, 1 lb. 75c.

Rocky Ford or Netted Gem—Greatly improved over the Gem varieties, slightly oblong, very sweet and fine flavored, thick fleshed, early and sure. The kind you liked when a boy. Made Colorado famous for Muskmelons.

Osage (Miller's Cream)—Dark green, egg shape, medium size, a thick red salmon meat, thin skin and best of flavor.

OSAGE

Emerald Gem—Old standard, smooth skin, salmon color flesh, very sweet, hardy, thrifty and prolific.

Early Hensack—Very early, green flesh, sweet, of good size, juicy, small seed space, good market melon.

Tip Top—Medium size, nearly round, slightly ribbed, nearly covered with netting, orange colored flesh, an excellent market sort.

Honey Dew—Light cream in color, extra fine flavor, enormous size, many specimens measure 9 inches in diameter, weighing 10 pounds; nearly round in shape, ripens a week later than Rocky Ford, splendid shipper and keeper, properly cared for can be kept until Christmas. Every grower of melons should include this in their order.

Hoodoo—Flesh orange color; fine flavor, ripens in 70 days, exceedingly productive, flesh firm, thin hard rind, splendid shipper. Try this for home and market gardens. Michigan growers get a higher price for it in city markets than any other melon.

Edwards' Perfecto Cantaloupe—Salmon fleshed, of the Rocky Ford Type, fruit very uniform in size, thick flesh, small seed cavity, a fine shipper and highly recommended by large growers for distance shipping, for the city market.

Parsnips

All Parsnips prices $\frac{1}{2}$ oz. 5c, $\frac{1}{4}$ lb. 25c, 1 lb. 80c.

Hollow Crown (Long Smooth)—Long, sweet, excellent quality, very productive.

Improved Guernsey—Thicker than the above and easier harvested, fine grained, well flavored.

New Intermediate—This new sort does not require the depth of soil for its cultivation that is necessary for the older varieties. Although equal in quality and flavor to the old sort, the roots of this variety are only one-half to two-thirds as long when grown under ordinary conditions. On heavy or clay soils, Intermediate is especially valuable. During the past few years of drought the Intermediate, of all varieties, yielded the heaviest, made the best looking roots, and was the easiest to harvest.

Watermelons

Prices on all varieties of Watermelon, $\frac{1}{2}$ oz. 5c, 1 oz. 10c, $\frac{1}{4}$ lb. 15c, 1 lb. 50c.

After trials of about 20 kinds we selected the following:

Kleckley Sweet—A big melon, rank grower and simply covers the ground with fruit of fine market quality. It does well in northern climate and cannot be beaten for the medium crop.

King and Queen Watermelon—A winter keeping watermelon originating in Volga Valley, in Russia, will keep until February, keeping its color and flavor. We think this worthy of a trial as it comes highly recommended by the largest growers of melons in the United States. $\frac{1}{2}$ oz. 10c, 1 oz. 15c, $\frac{1}{4}$ lb. 40c.

Alabama Sweet—The best long melon grown; fine for shipment, large, of oblong form, flesh bright red and delicious flavor, seeds are white.

Cole's Early—Best home variety and nearby market, early and hardy, very sweet, red rind slightly striped.

Halbert Honey—Another good home variety, with a dark green skin and crimson flesh, extra flavor, rather oblong, once tried it will always find a place in the garden.

Tom Watson—Although this variety matures early, it is the largest melon, 18 to 20 inches long and 10 to 12 inches thick and has a record of weighing from 40 to 50 pounds. A tough rind, making a good shipper. Its quality is as good as any melon grown. There is no mistake in "TOM WATSON."

Sweet Heart—A mottled variety, commanding the best market prices, a great favorite with local market gardeners and a good seller, excellent quality.

Fordhook Early—A good melon and ranks up with Cole's Early, only larger and better, long distance shipper.

Irish Grey—A grey colored melon of large size, a good shipper and keeper, extra good quality and highly recommended.

Iceberg—A favorite, oblong to nearly round, melons weigh from 30 to 50 pounds each, the rind, though thin, is tough and melons bear handling and shipping well. Flesh is bright red. A profitable market melon.

Ice Cream—White seeded fruit of medium size, nearly round, skin pale green, rind thin, flesh scarlet, solid, crisp, delicious.

Citron—Red selected, for preserving only, high grade and the best.

Allen's Ohio Favorite—One of the biggest growers of melons in Ohio sent us 6 of these Melons in 1914, stating that we could save the seeds and try it on our land. We did and it produced more melons, better quality and ripened up better than any melon we have ever planted. We made a contract with the originator to introduce this melon. It is early, extra fine flavor, form rather long, color dark green, seeds dark, very productive, crisp and sweet. Try it.

KLECKLEY'S SWEET

Prices quoted are postage paid. Guaranteed safe arrival to your mail box.

Onions

All varieties of Onions unless otherwise noted, $\frac{1}{2}$ oz. 10c, 1 oz. 50c, 1 lb. \$7.00.

All varieties are very scarce.

Our Onion Seed is already cleaned and dried ready for shipment and never have we had such fine looking seed. We grew this from the best selected Onions and we will guarantee you will not get any better. Can make a very attractive price on large lots or car loads. Write and state number of pounds wanted. This is one of our leaders.

Allen's Select Ohio Yellow Globe Danvers—This is the variety we make a specialty of. Hundreds of carloads of this variety are shipped from this section each season and are considered by buyers to be the truest Globe Danvers type, also the best keepers in any section of Ohio. We sell large quantities of this seed while last season we sold all we had, we believe we now have enough to supply all our customers. Write for prices on 10 to 100 lb. lots.

Yellow Globe Southport—A good mild onion, good for market.

Red Globe Southport—Same as above only red.

PRIZE TAKER

Prize Taker—The largest onion grown, weighing up to 6 lbs., perfectly round, light yellow with pure white flesh, mild flavor, solid, is a profitable sort to grow, sells best.

White Globe Southport—A white globe onion, mild and pleasant.

Giant Red—Largest red onion, grown from selected stock, an early market variety, weight is high as 5 lbs.

White Silverskin—The favorite onion, flat shaped, flesh mild, ripens quite early, good keeper, fine for green onions and bunching for markets.

Red Wethersfield—Is the largest, heaviest yielding and best keeping of the red onions.

Onion Sets

Last season we expected to have enough to supply all our customers but the demand was so large we were sold out before the season was half finished. We have a great many more this season and believe we will have enough for all our customers.

By mail, pint, 20c; quart, 40c.

By freight or express, not prepaid, per peck, \$1.50; bushel, \$5.00.

Red, yellow or white bottom sets your choice.

Parsley

Champion Moss Curled—Very handsome curly leaves. $\frac{1}{2}$ oz. 5c, $\frac{1}{4}$ lb. 25c.

Fern Leaved—New improved, worth a trial. $\frac{1}{2}$ oz. 5c, $\frac{1}{4}$ lb. 25c.

Garden Peas

Choice Northern Grown and hand picked, extra fine seeds. This seed is very scarce and a great many gardeners will be without their supply unless they order early.

Prices on Garden Peas, $\frac{1}{4}$ lb. 10c, $\frac{1}{2}$ lb. 18c, 1 lb. 30c, 10 lbs. by express \$2.50.

Premium Gem—One of the best, medium early, wrinkled peas; has large full pods, grows 12 to 15 inches in height, is one of the best home sorts.

Horsford's Market Garden—One of the very best Peas, has very large pods, grows about 2 feet in height, highly recommended by everyone, is a medium season variety.

Alaska—Extremely early, grows from 20 to 28 inches high, matures in about 45 days after planting under favorable conditions, ripens the whole crop at once, fine quality, small pod, but well filled with peas, best early.

Champion of England—Old time favorite, a sure cropper of extra sweet peas, an abundant bearer, wrinkled, claimed to still be the best late sort.

American Wonder—Is an extra early wrinkled pea, a dwarf of standard high quality. Vines 10 to 12 inches high, dwarfer than Nott's Excelsior, usually matures a day or two in advance of Nott's, develops firm, well filled pods. Very prolific, almost as heavy a yielder as Nott's Excelsior. This is a home and garden variety of highest class for succession planting each week.

Allen's Extra Early—(New) This is one of the earliest and best peas grown, splendid table qualities, very productive. If you want early peas you should give this a trial. Priced low so as to give it a wider introduction.

Nott's Excelsior—A real standard variety of extra quality, both for home garden and market, a dwarf pea of 16 inches, the vines are covered with pods and claimed to be the sweetest pea grown.

Laxtonia—Called the dwarf Gradus, needs no support, it produces immense quantities of pods of large size, filled with sweet flavored peas of fine quality and very tender.

Thomas Laxton—Very early, large pods, a rival to Gradus, best quality, one of the popular varieties with market gardeners.

Gradus—Almost a new pea, but the demand for this has increased until the supply never equals the demand. About 3 ft. tall, medium early, wrinkled, bears more peas than any other, just as sweet as the best and after all has no equal. Due to the demand, a great many seedmen have been sending out most anything for this pea.

Little Marvel—Very popular with market gardeners because of its extreme earliness and productiveness. Large, dark green pods, generally borne in pairs, very dwarf vines, 15 to 18 inches tall.

NOTT'S EXCELSIOR

Prices quoted are postage paid. Guaranteed safe arrival to your mail box.

Peppers

"GUARANTEED PEPPER SEED"

Prices on all varieties of Peppers $\frac{1}{8}$ oz. 5c, 1 oz. 30c, $\frac{1}{4}$ lb. \$1.00, 1 lb. \$3.50.

Chinese Giant—This is the largest, best and handsomest pepper of them all. Grows from 12 to 15 inches in circumference, a mild pickler, heavy yielder, should be thinned to get best results in size.

Ruby King—A popular, mild flavored variety, growing 5 to 6 inches long, bright red.

Ruby Giant—A cross between the two above kinds, combining the good merits of both mild and large, brilliant scarlet.

Neapolitan—Earliest pepper, 4 inches long, runs as high as 50 to the stalk, a bright glossy red, a big improved old fashioned pepper.

Sweet Mountain—Large, sweet, extra good for stuffed pickles.

Golden Queen—Although a novelty, it is very handsome and good, worth trying.

Red Cayenne—Long pods, very strong, used for seasoning and pickling purposes.

Pumpkins

King of Mammoth—The Show Pumpkin, grows to 200 lb., salmon pink flesh, splendid keeper, known as the Giant, etc.

$\frac{1}{2}$ oz. 5c, 1 oz. 8c, $\frac{1}{4}$ lb. 25c, 1 lb. 90c.

Japanese Pie—Seeds marked with Japanese letters, fine for pie, dry and sweet, ripens early. Keeps well.

$\frac{1}{2}$ oz. 5c, 1 oz. 10c, $\frac{1}{4}$ lb. 30c, 1 lb. 75c.

Small Sugar—The best pie pumpkin, small, almost solid, very sweet, very productive, excellent keeper.

$\frac{1}{2}$ oz. 5c, 1 oz. 10c, $\frac{1}{4}$ lb. 20c, 1 lb. 75c.

Connecticut Field—Good one for stock or pies, a favorite for canneries and producers on account of hardness, ease to grow and immense crops. Have seen fields of this that you could hardly step between the pumpkins.

$\frac{1}{2}$ oz. 5c, 1 oz. 10c, $\frac{1}{4}$ lb. 20c, 1 lb. 50c, 5 lbs. \$2.00.

Winter Luxury—Generally regarded as the finest quality pie pumpkin. Besides its high quality it is the best keeper of all. In size about 9 or 10 inches in diameter; its skin is beautiful deep orange yellow with a very close netting, almost as russeted as a potato. This is one of the very best pie pumpkins, always brings first prize on the market.

$\frac{1}{2}$ oz. 5c, 1 oz. 10c, $\frac{1}{4}$ lb. 25c, 1 lb. 90c.

Large Sweet Cheese—A very large sized pumpkin, it is an excellent keeper and extra fine flavor, splendid for table, flat like a cheese, skin is orange red.

$\frac{1}{2}$ oz. 5c, 1 oz. 8c, $\frac{1}{4}$ lb. 20c, 1 lb. 60c.

Rhubarb Seed

Myatt's Victoria—Largest, best, generally used. We are able to offer this very cheap, due to the immense crop on hand.

$\frac{1}{4}$ oz. 5c, 1 oz. 10c, $\frac{1}{4}$ lb. 50c.

Salsify (Vegetable Oyster)

Mammoth Sandwich Island—The improved variety.

$\frac{1}{4}$ oz. 5c, 1 oz. 15c, $\frac{1}{4}$ lb. 50c.

Spinach

$\frac{1}{4}$ oz. 5c., 1 oz. 10c., $\frac{1}{4}$ lb. 15c.

Bloodsday Savoy—In most sections the best spinach, leaves crumpled, a very desirable sort.

Round Thick Leaf—Most popular variety for market gardening, leaves large, thick and fleshy, we advise planting this variety.

Radish

We do not want you to compare our "GUARANTEED RADISH SEED" with the common seed sold from other sources. It is grown from carefully selected and transplanted stock, the kind that will satisfy our patrons. Our big present supply enables us to offer it at bargain prices. The ordinary store package contains 1-5 to 1-3 of an ounce. Stop and think of the number of cents you have lost this way during your life, feeding the seed combine, and help the outside firm up the ladder with an order.

Prices for all Radishes, $\frac{1}{2}$ oz. 5c, 1 oz. 10c, $\frac{1}{4}$ lb. 25c, 1 lb. 80c.

Sparkler—A new variety of an entirely distinct type. In shape it is globular: the top is very short, thus making it adaptable for forcing, although it is equally good for outside. The color is a rosy carmine, with a long white tip. Sparkler will keep longer in good condition than any other variety we have tried, and can be grown the year around. Successive sowings should be made throughout the summer.

Icicle—Pure white, long and crisp, very valuable for table, always a good seller, quite rare.

Early Scarlet Globe—Early, and all around first class, small top, bright scarlet, well flavored.

EARLY SCARLET GLOBE

French Breakfast—Fine oval shaped, white tipped, quick grower, good for home and market, very mild, crisp and tender, old favorite.

Cincinnati Market—6 to 7 inches long, straight and smooth, scarlet, crisp and fine flavored.

Chartier—Well known, long red, crisp and tender, holds its quality well.

Philadelphia White Box—One of the earliest and best, often matured in 18 days, pure white, one of the best flavored, can be planted close.

Crystal Beauty—Probably never was a long white radish as near perfection in shape, mild in flavor, not pithy, matures quickly, sells very readily in city.

Long Scarlet Short Top—A standard variety of long radishes, straight and smooth; grows partly above ground, develops long roots that are tender, crisp and sweet. Fine for the home garden.

Mixed Radish Seed—Containing nearly all kinds.

Winter Radish

White Chinese Rose—The roots grow from 4 to 5 inches long, are cylindrical, the largest at the bottom, blunt at both ends; skin deep rose, the flesh white, good keeper, firm and crisp. Prices same.

We need names of planters of seeds. Kindly send us names of the largest in your neighborhood.

GIANT SUMMER CROCKNECK

Squash

Note what other firms ask for oz. and lbs. not pkgs.

FALL AND WINTER VARIETIES

Italian Cozelle or Green Bush Marrow Squash—

This is the very best of all the vegetable marrow squashes and we think a trial of it in your garden will assure you that this variety is worthy of mention.

$\frac{1}{2}$ oz. 5c, 1 oz. 10c, $\frac{1}{4}$ lb. 20c.

Delicious—This variety comes from an experiment to improve on the old Hubbard. It cooks dry and tender with a rich flavor, skin dark green and flesh dark orange or brick color, ripens in early fall and lasts all winter; good for the market grower.

$\frac{1}{2}$ oz. 5c, 1 oz. 10c, $\frac{1}{4}$ lb. 25c, 1 lb. \$1.00.

Select Hubbard—Claims to produce more than the old Hubbard, very similar, really the best winter squash for use. $\frac{1}{2}$ oz. 5c, 1 oz. 10c, $\frac{1}{4}$ lb. 30c, 1 lb. \$1.00.

Boston Marrow—Bright orange yellow, oval, thin skin, rich and fine grained, melting to the taste. $\frac{1}{2}$ oz. 5c, 1 oz. 10c, $\frac{1}{4}$ lb. 30c, 1 lb. \$1.00.

Golden Hubbard—Same as Select Hubbard, only golden color instead of green. Slightly smaller and earlier. $\frac{1}{2}$ oz. 5c, 1 oz. 10c, $\frac{1}{4}$ lb. 25c, 1 lb. \$1.00.

Ford Hook—Very productive, oblong, slightly ribbed, splendid flavor. $\frac{1}{2}$ oz. 5c, 1 oz. 10c, $\frac{1}{4}$ lb. 25c, 1 lb. \$1.00.

Mammoth Whale—One of the largest squashes grown, used mostly for stock feeding and exhibition.

$\frac{1}{2}$ oz. 5c, 1 oz. 10c, $\frac{1}{4}$ lb. 35c, 1 lb. \$1.25.

SUMMER VARIETIES

Giant Summer Crookneck—Golden yellow, best quality, 18 to 24 inches long, command an extra price in market. $\frac{1}{2}$ oz. 5c, 1 oz. 8c, $\frac{1}{4}$ lb. 25c, 1 lb. 75c.

Mammoth White Bush—Scalloped, pure white, good, early and prolific. $\frac{1}{2}$ oz. 5c, 1 oz. 8c, $\frac{1}{4}$ lb. 25c, 1 lb. 75c.

Golden Custard—Very similar to above kind only yellow. $\frac{1}{2}$ oz. 5c, 1 oz. 8c, $\frac{1}{4}$ lb. 25c, 1 lb. 75c.

TOMATOES

'After last season's success of filling large orders of "GUARANTEED TOMATO SEED," as well as small, we feel we cannot help but demand the attention of tomato growers everywhere, who wish the best article on the market regardless of price. Tomato seed must be fresh, kept right from moisture or heat. We offer only varieties found good in trials this season. Canning factories wishing large quantities, write for special prices.

Bonnie Best—Very early sort, attractive shape and color; flesh very solid. Vines vigorous, very productive. Deep scarlet, excellent for home or market. $\frac{1}{4}$ oz. 5c, 1 oz. 20c.

Improved Earliana (Sparks)—A great favorite with us and the earliest variety, we believe, in existence. Smooth and productive, large, vigorous of vine, this will yield 500 to 600 bushels to the acre. We claim our Earliana will ripen from 6 to 10 days earlier than any other.

$\frac{1}{4}$ oz. 5c, $\frac{1}{2}$ oz. 10c, 1 oz. 20c, $\frac{1}{4}$ lb. 75c, 1 lb. \$2.50.

Early Acme—Fine for early market. Well known and generally cultivated, both for early and main crops. Plants are of strong and vigorous growth, very productive, the fruit of medium size, perfect form, round, slightly depressed at the ends and very smooth, color a glossy red with purplish tinge; ripens all over and through at the same time. Ripens soon after Bonnie Best. Ready for market in 105 days. $\frac{1}{4}$ oz. 5c, 1 oz. 20c, $\frac{1}{4}$ lb. \$1.00.

Chalk's Early Jewel—A splendid all around kind, medium in season, uniform in size, of large fruit, very solid, bright red, used in local canning factory almost exclusively last season with fine results.

$\frac{1}{4}$ oz. 5c, $\frac{1}{2}$ oz. 10c, 1 oz. 20c, $\frac{1}{4}$ lb. 75c, 1 lb. \$2.50.

Yellow Pear—For using whole in pickling and preserving, very sweet and prolific, used extensively in salads.

$\frac{1}{4}$ oz. 5c, 1 oz. 20c.

Pondarosa—Very large and solid, few seeds, very handsome, dark, rank foliage. Some will not use anything else.

$\frac{1}{4}$ oz. 5c, $\frac{1}{2}$ oz. 10c, 1 oz. 20c, $\frac{1}{4}$ lb. \$1.00, 1 lb. \$3.50.

Enormous—Probably largest, smooth and red with a glossy appearance, few seeds, almost solid, fine flavor, good keeper, market or home garden variety.

$\frac{1}{4}$ oz. 5c, $\frac{1}{2}$ oz. 10c, 1 oz. 20c, $\frac{1}{4}$ lb. \$1.00, 1 lb. \$3.50.

Livingstone's Globe—Very desirable quality, round, ripens early, large, good slicer, perfect shape, very productive.

$\frac{1}{4}$ oz. 5c, $\frac{1}{2}$ oz. 10c, 1 oz. 20c, $\frac{1}{4}$ lb. 75c, 1 lb. \$2.50.

Yellow Wonder—As large as any tomato, pure yellow

$\frac{1}{4}$ oz. 5c, $\frac{1}{2}$ oz. 10c, 1 oz. 20c, $\frac{1}{4}$ lb. \$1.00, 1 lb. \$3.50.

Stone—A main crop variety, hard to beat, heavy and firm, bright scarlet, keeps well in long shipments, does not crack or rot, no core.

$\frac{1}{4}$ oz. 5c, $\frac{1}{2}$ oz. 10c, 1 oz. 20c, $\frac{1}{4}$ lb. 60c, 1 lb. \$2.00.

John Baer—Resembles in color and earliness the Bonnie Best, comes to us with the highest praise from large market growers around Baltimore where it was first introduced. $\frac{1}{4}$ oz. 10c, 1 oz. 30c, $\frac{1}{4}$ lb. \$1.00, 1 lb. \$3.00.

Red Rock—Smooth and solid, very fine variety, color is red, flavor of the best, shipping qualities could not be better. $\frac{1}{4}$ oz. 5c, 1 oz. 20c, $\frac{1}{4}$ lb. 50c, 1 lb. \$2.00.

EARLIANA

Prices quoted are postage paid. Guaranteed safe arrival to your mail box.

SWEET CORN

Prices quoted include postage on pound and fractions.

Seed is very scarce and prices, unless otherwise noted, on all varieties, $\frac{1}{4}$ lb. 10c, $\frac{1}{2}$ lb. 20c, 1 lb. 30c. Via express, 10 lbs. \$2.00, 25 lbs. \$5.00.

Larger quantities a matter of correspondence.

Our Seed Sweet Corn is carefully selected seed with both ends carefully taken off and only best ears saved, is dried and cared for so as to guarantee a perfect stand of uniform corn.

Country Gentleman—A well known and deserving old sort that has always been very popular, due to its large, compact ears of irregular rows.

Stowell's Evergreen—Known everywhere. An old one but still King of the latest, considering everything.

White Evergreen—Claimed to be improved Stowell's Evergreen.

Kendall's Early Giant—Ears are large and long with ten to twelve rows, corn pure white, medium early, has a long season.

Crosby's Early—Noted for its richness and sweetness, quite early and of good size, very often has several ears to the stalk.

Golden Bantam—This is a sweet corn of most exquisite quality, which when ready to use is of a bright golden yellow color. It looks rich and is rich and no mistake. It can be planted very early, as it is as hardy as the Extra Early Adams. The small stalks can grow closely together in the row and will produce 2 or 3 ears each.

Black Mexican—This corn, when in condition for the table, cooks remarkably white, but the ripe grain is black or bluish black. It is surpassed by none in tenderness and fine quality.

Delues Golden Giant Sugar Corn—The famous winner of many Horticultural prizes. This is no fake variety, it is exactly what the Gardener has been looking for. A Sweet Corn 3 to 6 days earlier than its parent Golden Bantam. Of more superior quality than Golden Bantam, will yield twice as much per acre as the Golden Bantam, larger eared and larger stalk, making it the most productive and the best yellow Sweet Corn in existence. We have purchased a limited quantity of this seed from the originator who stands back of the above description. This we offer in limited quantities as follows, postage paid: $\frac{1}{4}$ lb. 15c, $\frac{1}{2}$ lb. 25c, 1 lb. 40c, 10 lbs. \$3.00.

Barden's Wonder Bantam—A beautiful yellow corn, superior to the Golden Bantam, both in size and in quality. Stalk grows from 5 to 6 feet high, ears 8 to 10 inches in length. As early as the Golden Bantam. It is a variety that is worthy of a trial by any market gardener, canner or garden maker. We consider it by our trial to be the best improved Golden Bantam yet put on the market. You will be getting both size and quality in this corn, which took Mr. Barden 5 years to perfect and put on the market. We have a limited supply at $\frac{1}{4}$ lb. 15c, $\frac{1}{2}$ lb. 25c and 1 lb. 35c.

Allen's Choice—Or an improved Malakhoff which was brought to this country by the U. S. government from Russia, and was the earliest corn ever grown. Has been grown by a local market gardener and carefully selected by him until he has a distinct variety of the Malakhoff of his own. After careful inspection we have made arrangements to supply our trade with this corn, calling it "ALLEN'S CHOICE." Not only the sweetest early corn but the largest early corn, better and earlier, by far, than Peep o' Day. $\frac{1}{4}$ lb. 10c, 1 lb. 30c, 10 lbs. \$2.00.

ALLEN'S CHOICE

Our Sweet Corn Grown in Ohio
10 days earlier.

BARDEN'S WONDER BANTAM

Prices quoted are postage paid. Guaranteed safe arrival to your mail box.

Pop Corn

Prices on all varieties, $\frac{1}{4}$ lb. 5c, $\frac{1}{2}$ lb. 10c, 1 lb. 20c, 5 lbs. 75c.

Write for prices on larger quantities.

Queen's Golden—Of beautiful yellow color and pops white, grows 6 ft. tall and a heavy yielder, several ears to the stalk.

White Rice—Common white pop corn known to all, a good one.

Red Beauty—Similar to Golden Queen but red, runs from 3 to 4 ears to a stalk.

Sunflower

Mammoth Russian—Very large heads, seeds striped and grey. $\frac{1}{4}$ lb. 8c, 1 lb. 20c, 5 lbs., postage not paid, 50c, 25 lbs. \$2.00.

Tobacco

Any of the following will do well in the northern latitudes. It will surprise anyone trying to grow tobacco what a useful article it is for hen lice, and any other insects.

Havana—An imported article that does well here.

$\frac{1}{4}$ oz. 10c, 1 oz. 30c.

Connecticut Seed Leaf—Hardy, very popular.

$\frac{1}{4}$ oz. 10c, 1 oz. 30c.

White Burley—A large growing variety, excellently flavored.

$\frac{1}{4}$ oz. 10c, 1 oz. 30c.

Turnips

Prices on all Turnips and Ruta Bagas, $\frac{1}{2}$ oz. 5c, 1 oz. 8c, $\frac{1}{4}$ lb. 20c, 1 lb. 60c, 2 lbs. \$1.00.

Purple Top Strap Leaf—Better known than any other turnip and deserves its popularity, grows quickly and of a large size, brings the highest market price, due to its quality.

Early White Flat Dutch Strap Leaf—Fall use, pure white, good.

Extra Early White Milan—The earliest white turnip; you can make no mistake in this. Try it.

Red Top Milan—Earliest of all, red top, similar in quality to the one above.

Gold Ball—One of a yellow flesh, claimed to be richer and sweeter, good keeper.

Cow Horn—Good, long, white, rapid grower.

Purple Top Globe—Main market sort.

Ruta Baga

Improved American—Purple top, large, smooth with small top, flesh yellow, an immense yielder.

Improved Yellow Mammoth—Large yellow sort, fine grained and well flavored.

White Sweet—Best table variety, well flavored and a good producer.

Herbs

Sweet and Medicinal

No garden is complete without herbs for medicinal and culinary purposes. Cut when dry, just before they are in full bloom, dry quickly in the shade and pack closely in tight boxes.

Anise—Seeds aromatic and medicinal.

Pkt. 5c, 1 oz. 10c.

Balm—Used for tea; medicinal.

Pkt. 5c, 1 oz. 20c.

Caraway—Seeds used in cakes and candy.

Pkt. 5c, 1 oz. 10c.

Coriander—Seeds used for confectionery.

Pkt. 5c, 1 oz. 10c.

Dill—Seed aromatic.

Pkt. 5c, 1 oz. 10c.

Fennel—Sweet. Seeds aromatic.

Pkt. 5c, 1 oz. 10c.

Horehound—Medicinal.

Pkt. 5c, 1 oz. 25c.

Lavender—Aromatic, medicinal.

Pkt. 5c, 1 oz. 15c.

Marjoram—Used for seasoning.

Pkt. 5c, 1 oz. 12c.

Rosemary—Aromatic, seasoning.

Sage—Seasoning and medicinal.

Pkt. 5c, 1 oz. 15c, $\frac{1}{4}$ lb. 30c.

Summer Savory—Seasoning.

Pkt. 5c, 1 oz. 20c.

Sweet Basil—Seasoning.

Pkt. 5c, 1 oz. 15c.

Tansy—For medicinal purposes.

Pkt. 5c, 1 oz. 20c.

Thyme—Use, seasoning and medicinal.

Pkt. 10c, 1 oz. 30c.

Wormwood—Medicinal.

Pkt. 5c, $\frac{1}{2}$ oz. 15c.

Those marked (*) are perennial and when once established will remain for years with little care.

Allen's Guaranteed SEED CORN

EARLY YELLOW DENT

This season's crop of Seed Corn is very satisfactory and we quote you prices on same, if at time of planting our prices are higher than you can purchase elsewhere, we would thank you for chance to quote prices on same in quantities up to carload lot. Our seed is grown by expert farmers on separate farms and from carefully selected seed.

Do not compare our Seed Corn with the inferior seed corn sold by merchants and millmen from the elevators.

Samples Free.

Prices on all Field Corn, 14 lbs. \$1.00, 56 lbs. \$3.00
F. O. B. cars.

Ohio Grown Field Corn

By express or freight, bags free.

Allen's Sure Ripe—This corn is nothing particularly new, but has been grown for years by some of the best farmers in Northern Ohio and this season has proved the good judgement of them to stick to this variety. No doubt you have seen a corn very similar. It has ears 8 to 10 inches, of a reddish tinge, medium sized cob, kernels quite long, quick starter, making extra fine fodder and gets ripe from 80 to 90 days from planting. The farmers who raise this kind are the ones in this section who have nice hard corn fit to crib. If you raise only what corn you feed yourself we believe this is the most profitable corn for most farmers. We procured all that was grown on two large farms in Northern Ohio, near Lake Erie. We believe this corn would have made good seed right from the field, but of course we have put it through the most improved system of drying seed corn.

Early Butler—A remarkable early corn of a reddish-yellow color, better than Pride of the North and matures in 75 to 80 days, with 7 to 8 foot stalks, small cob, deep kernels, matured the last five seasons in Northern Ohio in good shape.

Early Yellow Dent—A clear, early yellow corn, 80 days, ripens anywhere in an early frosty season, produces an immense crop of fine corn.

Early Smoky Dent—A corn that ripens in 80 days, a white cap variety with red under color, good sized ears, shells well to the ear, stalk of medium size, one of best early corns we have ever grown on our own farms. We advise planting this for those that want to have corn that is hard.

National Champion—Another season only sends this corn to the head of the list as the best farmer's corn grown. The best reported yield this season was 137 9-10 bushels per acre. A winner of several prizes and still scarcely known outside of a few sections. We have had many highly flattering letters as to the result of last season's crops of National Champion. The stalks are large; dark green with many broad leaves. The roots are large and strong. The ears are 8 to 12 inches, nicely finished to the end with 12 rows of deep, broad kernels. Any wishing a new corn will make no mistake in National Champion. Send for sample.

Pride of the North—This corn is selling under almost any old name, but we claim our strain is as pure as the original seed and still is the earliest yellow seed corn obtainable. In some sections of our country where the early frost cut the corn crop short, our Pride of the North ripened a good crop, a beautiful yellow, of medium size, deep kernel, no more than 90 days and often 75 days, stalks 6 to 8 feet, 7 to 9 inch ears.

Early White Cap Yellow Dent—A strong grower, claimed to do well on thin soil, takes 100 days, produces an abundance of fodder, stalks 7 to 8 feet, ears 7 to 10 inches.

Improved Leaming—A big corn, grown to harvest an immense crop of large yellow corn with a good season. This is hard to beat, can be used for ensilage.

Reid's Yellow Dent—A great many farmers will not use anything else. Something like Leaming, but better and earlier, a large ear, deep kernel, 100 days.

Write for our weekly price list of Grass Seeds, etc.

Allen's Guaranteed FARM SEEDS

Southern Ensilage Corn

Our Ensilage Corn this season matured very early on the Virginia Farms where it was grown for us under contract and we can assure you a good percentage of vitality.

Will be out of driers about February and advise placing orders at once, as same will be very scarce, as Southern farmers had no help to husk their corn before wet season there. Can quote special prices on large lots or carloads.

Blue Ridge Ensilage—We quote this only. The demand in this section is for nothing else, it being superior to all others, much sweeter, earlier, better ears, a big milk maker, cattle eat it well when not put in silo. We advise trying this corn.

Per bushel, 56 lbs., \$4.00.

Eureka—This is a large stalk, claiming to contain more sugar than many, also considerable grain. Per bushel 56 lbs. \$3.00.

Cuban Giant—The largest of all, the seed is uniform, matures more tons to the acre than any other. Per bushel, 56 lbs. \$3.00.

Red Cob—Personally we have always favored this corn because of its immense crop of ears. The ensilage looks full of nice grain. Per bushel 56 lbs. \$3.00.

Western Leaming—We can furnish a big strain for ensilage. Per bushel, 56 lbs. \$3.00.

Oats

Miami Oats—A creation of the Ohio Experiment Station and recently given the above name. A large berry; stiff, upright grower; does not lodge badly, free from diseases, the heaviest yielder yet offered for the Central States, is especially adapted for Western Pennsylvania and State of Ohio. We produced 64 bushels to the acre here on our place this season and are offering these re-cleaned. Samples sent on request, sacked free.

32 pounds \$1.25, 5 bushels \$5.00.

Swedish Select—A pedigreed variety introduced from Russia. Weighs from 38 to 40 pounds per measured bushel. The straw is coarse, noted for its stiffness and power to withstand lodging. The grains are pure white in color, large, thick and plump, making a very handsome appearance. The heads are upright, large and bushy, they are also nearly all meat, the hull being exceedingly thin, making them especially valuable as a feeding oat. Their great root development enables them to resist drought better than most kinds. They are quite early and are less liable to smut and rust than most any other sort.

Per peck, 8 lbs. 50c; per bushel, 32 lbs. \$1.25.

Wheat

Ohio No. 127—The Grand New Wheat. This Wheat is the new wheat that has been so highly recommended by the Ohio Experiment Station. The average yield of this wheat at the Experiment Station for the past six years has been 37½ bu. per acre. Is similar in type to the Fultz, but a much better yielder, spike is awnless, kernel red, good size, semi hard, straw purple and extra stiff, heavy grower and erect. Is extra good milling wheat and reduces easily. Is very hardy and immune from attacks of loose smut. This wheat has proved to be the best wheat we have ever tried. We have a quantity of it to offer to you at planting season. Grown on our farms and well re-cleaned, price given to you on application at planting time. Write us, A wheat for Ohio, Michigan, Pennsylvania, Indiana, New York, Illinois.

Sudan Grass

This is a much talked of grass, is very highly spoken of, every farmer should try it. Allen's Northern Grown, postpaid, 1 oz. 10c, ¼ lb. 15c, 1 lb. 25c. Express, 10 lbs. \$1.50, 50 lbs. \$5.00.

Broom Corn

More money for you in this crop than any other. Think of it, brooms cost the housewife now from \$1.00 to \$1.50. What about starting a factory in your locality? Broom Corn will produce one ton per acre worth from \$100 to \$200 per acre and a great deal more than this if you will learn to make brooms. A small warm shed will do to make them in and give you an occupation for the winter months, when practically, you are earning nothing. Every neighborhood has some one who knows about making brooms. In the northern states the tall varieties do best. Broom corn will grow where corn grows and needs the same treatment. Plant later than field corn, 70 to 80 days will ripen the crop. The seed makes good feed. Plant in drills 3½ feet apart, 2 to 3 inches apart in row. 10 lbs. seeds are grown per acre.

Improved Evergreen—The leading variety, Western grown, standard Improved Evergreen.

By mail, postpaid, 1 oz. 5c, ¼ lb. 15c, 1 lb. 25c. By freight, 10 lbs. \$1.00.

Sago or Soy Beans

½ to ¾ bu. to acre, 2½ feet apart, cultivate,

Yellow Soy Beans—By mail, postpaid, ¼ lb. 10c, 1 lb. 20c; by express, per peck, \$1.50, per bu. \$3.50. Bags free.

It to San—Mail, postpaid, ¼ lb. 10c, 1 lb. 20c; by express, per peck, \$1.50, per bu. \$3.50. Bags free.

Sugar Cane or Sorghum

Early Amber—¼ lb. 10c, 1 lb. 25c; by freight, 10 lbs. \$1.50, 50 lbs. \$6.00.

White Kaffir Corn—¼ lb. 5c, 1 lb. 10c; by freight, 10 lbs. 40c, 50 lbs. \$1.50.

Barley

Champion Beardless—By freight, pk. \$1.00, per bushel \$2.00.

Send for samples and best prices.

Cow Peas

We make a great specialty in Cow Peas.

Last year we supplied a great many, giving general satisfaction. \$4.00 per bushel.

Variety—Whippoorwill.

Dwarf Essex Rape

This is a great crop for hogs and sheep. In from 8 to 10 weeks from sowing it is ready to turn them on; for daily mowing, producing 20 to 30 tons of green feed per acre. Covers the ground and chokes out the weeds. Sow latter part of June, 6 lbs. to the acre. By mail, postpaid, 1 lb. 20c; by express, 10 lbs. \$1.50, 50 lbs. \$6.00.

Allen's Guaranteed FARM SEEDS—Continued

Potatoes

We will have No. 1 Genuine Seed of the following varieties to offer of clean Seed Potatoes.

Extra Early Cobbler, Irish Cobbler—One of the most reliable, first early potatoes ever sent out. It ripens almost with the Early Ohio and is so uniform that every hill seems to ripen at one time. The yield is very large for an early variety, equal to some of the late ones, form oval and round, skin slightly netted, creamy white, having eyes which are quite shallow, some even with the surface, flesh pure white and of finest quality and very handsome appearance has brought it right to the front as a profitable variety for market or for home use.

Pk. \$1.00; bu. \$3.25.

Early Ohio—We have an extra early choice stock of this variety, selected seed from year to year.

Pk. \$1.00; bu. \$3.00.

Carmen No. 3—Raised by a neighbor who makes a specialty of this variety and has bred it up to perfection by careful selection of his seed until we believe it is better than the original. His last season's crop in spite of dry weather, simply covered the ground with large solid potatoes. Pk. 80c; bushel \$3.00.

Sir Walter Raleigh—The general market favorite in this section. We have carefully renewed and bred our strain of this potato until it hardly looks like the same potato you see carelessly grown year after year from the same selected seed.

Pk. 80c; bushel \$3.00.

Rural New Yorker—This well known potato holds its own for the greatest yielding potato of all others. We grew a large field of these this year, carefully doctored and of Certified Seed and we have a wonderful lot of seed to offer this season to our customers. It is of course a late, main crop sort maturing well in all sections and we think if you are interested in getting a good start you had better order some of these at this time, sacked free. Peck 75c; bushel \$3.00.

Six Weeks—The heaviest yielder of extra early potatoes, claimed to have a record of 600 bushels to the acre. It is a fine keeper.

\$1.00 per pk.; bu. \$3.50.

Rye

Rosen Rye—Michigan Experiment Station produced this famous rye which is the greatest yielder that has ever been produced. We have a quantity of this rye produced by us and we wish to say that our customers will not fool themselves by buying the best to plant. We will gladly quote you prices at or before planting season, write us at that time.

Sand Vetch

We could not supply our demands for this seed last year. Does well on sandy land, wornout or anywhere else. Of course better land produces better crops. 1 oz. 5c, 1 lb. 30c, by freight, 10 lbs. \$2.50, 50 lbs. \$12.00.

Timothy

Will be high, is very scarce. Fortunately we had a fine, large field on our own place that was the cleanest that we have ever seen. Prices and samples on application.

Millet

Millets—Golden, Hungarian and German. Prices on application.

IRISH COBBLER POTATO

Clovers

MEDIUM—MAMMOTH—ALSIKE

We carry a big line of these. On account of the constant change in prices, we hesitate in making a set price. Very often the price will drop then we lose your order, when if given a chance to write you a personal letter and give bottom prices, we could quote your order. We will quote special prices on all grass seeds, and gladly send samples of each grade wanted. Our clover seed is carefully raised by experts and is bright and clean. Write for prices before buying.

HUBAM CLOVER—New Annual Sweet Clover. Hubam resembles the ordinary Sweet Clover in growth. Hubam is very vigorous, grows very rapid and does in one season what Sweet Clover could do in two. It grows as high as 6 feet tall. You get a crop when planted the first season, should be planted with Oats or some spring crop.

60c per pound, postpaid: 10 pounds by Express at \$5.00.

Grasses

Allen's Pasture Grass—Price on application.

Allen's Meadow Mixture—Price on application.

Kentucky Blue Grass, Red Top, Orchard Grass—Samples and bargain prices on all of these.

Alfalfa—We have a fine fresh article in this, grown in the west, that will give satisfaction. Particulars, samples, etc., free.

Write for prices on Clover Seed.

Allen's Celebrated LAWN SEED

VALUE OF A LAWN

There is nothing more pleasing to the eye, that adds more beauty and value to the home, than a beautiful well-kept lawn.

You never get tired of a good lawn and no home is complete without it.

Since it is so important, and since it is to last for years, nothing in its construction should be slighted. By making a good lawn at the start, much worry, labor and expense will be saved by the home owner afterwards.

Write for special quotations on Grass Seed in large quantities.

DO NOT USE SOD

Sow Clean Seed

The cost of preparing the ground properly for sod is just about the same as the cost of preparing it for seed. The cost of laying sod is much greater than sowing seed. The cost of the sod itself, say at 3c a square ft. is \$9.00 for 300 square feet, 1 pound of seed is sufficient for 300 square feet, and our price is 55c a pound postpaid, makes the cost of sod just about 17 times as costly.

It is almost impossible to get sod free from weeds, and sodding requires considerable expense in building up. This is overcome by sowing our Evergreen Grass Mixture which will make you a quick, beautiful and durable sod that you will be proud to own.

We have had unquestionable success with this seed which we have tried out now for a couple of seasons ourselves, and know of one case where one of our customers secured a wonderful stand of grass, and where 3 other sowings of different grasses failed.

RENOVATE YOUR OLD LAWN

If your lawn is thin and patchy sow our Evergreen Mixture at the rate of about one pound to every 500 square feet and press in with a roller, applying this a couple of seasons, and top dress in the winter with well rotted compost and your unsightly lawn can be made beautiful.

GROW GRASS IN THE SHADE

Use our Shady Nook Mixture. This mixture is composed of grasses adapted to shady locations and makes a rich velvety grass that will thrive where other varieties fail.

EVERGREEN MIXTURE

For a Good, Clean, Quick Lawn

This mixture is composed of the choicest grasses for lawn purposes, and is especially made to produce a crop of grass very quickly.

We have had where conditions were extremely favorable a good stand ready for the mower in 3 weeks. This mixture contains no trash and is adapted to either clay, sandy or loam soil, and should be applied at the rate of 1 pound to 300 square feet, or in the case of renovating old lawn 1 pound to 600 square feet, depending upon how thin the grass is. Price per pound, 40c, postpaid; 4 pounds for \$1.50, postpaid. By freight or express 10 pounds at \$3.50, 20 pounds at \$6.00.

SHADY NOOK MIXTURE

Have you a lawn that is shaded by trees? If so try a few pounds of our Shady Nook Grass Mixture which is just what you need in order to raise a patch of fine, compact, velvety grass under such conditions. Shaded ground often becomes sour and in this case it would be necessary to give it an application of Crushed Limestone before seeding, applied at the rate of 25 pounds for 500 square feet. Seed at the rate of 1 pound to about 250 square feet. Price per pound, 50c; 4 pounds for \$1.75, postpaid.

KENTUCKY BLUE GRASS

One of the most fancy grasses that we have to-day. Is largely used in lawn making and starts growing early in the spring, continuing until the ground freezes late in the fall. Price per pound 40c; 4 pounds, \$1.50, postpaid.

WHITE DUTCH CLOVER

This is very good seed to use in renovating old lawns, especially on sandy soil, as this plant roots deeper than any other variety of grass and is not affected so much by drought. Price per pound, 90c; 3 pounds, \$2.50, postpaid.

Remember

Order Early

Beautify Your Lawn with Allen's Lawn Seed.

Inoculate Your Crops

Grow Heavier Crops on Less Acreage. For Field and Garden

Inoculate your alfalfa, sweet clover, soy beans, red, alsike, mammoth clovers, vetch, peas, beans and all other legumes (pod bearing plants). *McQueen's Inoculator* insures a catch, hastens maturity, increases the crop, enriches the soil and means success with legumes. You can start a *nitrogen factory* on your farm by inoculating your legume seed with *McQueen's Inoculator*. An inoculated legume takes nitrogen from the air and stores it in the soil for future crops. Simple directions with each package.

Do you want better legume crops than you ever had before?

Do you want to enrich your land so that it will produce *better crops of any kind* in the future, than it has done before?

Then inoculate your seed with *McQueen's Inoculator* this year.

Sweet clover, alfalfa, soy beans, red clover, vetch, Garden peas and beans and all other legumes need lots of nitrogen.

They can't thrive without it more than human beings could without a proper amount of oxygen.

Treatment of the seed with *McQueen's Inoculator* is the cheapest and surest way of enabling them to get the nitrogen they so vitally need, in sufficient quantity to insure a maximum yield.

McQueen's Inoculator has an unequalled record of results.

McQueen's Inoculator is the hardest and most virile nitrogen fixing bacteria known.

That is because it is bred under nature's conditions, not in a laboratory under hot-house conditions.

It makes poor soil good and good soil rich.

McQueen's Inoculator will enable you to grow better crops than you've ever grown before in field and garden.

McQueen's Inoculator will cost you less per acre because it is sold on the bushel basis instead of by acre sizes.

When ordering state the kind of seed you wish to treat.

Quality above all. Bacteria for all legumes.

ALLEN'S
SUPERIOR FLOWER SEEDS
BEST IN AMERICA

We have confined ourselves to the more important varieties of Flowers, although we can supply a complete line. So many articles listed hardly ever are needed in the flower garden and only serve to tire the reader of the more important varieties. If you find you need anything not listed, kindly drop us a line and we will see that you get the same without delay. The same care is taken in raising our flower seeds as other seeds. They are all fresh and pure. Remember we will meet anyone's prices on any seeds. Our packets of flower seeds contain more than other dealers. This is a broad statement, but a trial will convince you of its merits. If you are dissatisfied let us know. "We guarantee satisfaction."

Our Flower Seeds are Guaranteed to Grow.

Antirrhinum—Snap Dragon

Very stylish now. An old flower so greatly improved that it has become a leader in planting.

TALL GIANT FLOWERED VARIETIES

Snow Queen—Long spikes of pure white. Good for cutting. Pkg. 5c.

Yellow Giant—Best large yellow. Pkg. 5c.

Tall Mixed—Pkg. 5c.

NEW HALE DWARF

Queen of North—Pure white. Pkg. 5c.

Brilliant Rose—Bright rose. Pkg. 5c.

Defiance—Bright scarlet. Pkg. 5c.

Above Mixed. Pkg. 5c.

ASTERS

One of the greatest flowers. We grew all varieties last season and we now feel our seed is as good as the best in the U. S. They were very fine, true to name and of excellent type.

Giant Branching Comet—This variety is one of the most beautiful of all flowers. Often from 4 to 6 inches across, plants grow from 12 to 20 inches tall. The flowers resemble the Chrysanthemum in their twisting shapes. The stems are very stiff, bearing the flowers well up and running from 20 to 30 to the plant. Flowers last a long time, excellent for cutting and selling, following colors separate. Pkg. 10c, $\frac{1}{4}$ oz. 30c.

White, Carmine, Rose, Pink, Lavender, Dark Blue, Mixed. Pkg. 8c, $\frac{1}{4}$ oz. 30c.

Crego Asters—Best late flowering Asters in existence, flowers larger than Giant Comet, long twisted petals, free bloomer, fine for cutting purposes, you will make no mistake in planting some of these. White, Rose, Lavender, Purple and Mixed. 10c pkg., $\frac{1}{2}$ oz. 25c.

Heart of France—The Greatest Aster ever introduced: pure ruby red, stays red until the end, soft and velvety as a rose, flowers large and full bloomer, branchings, stems long. The petals appear strikingly changeable. Heart of France will certainly take the place of all other red asters. We have a limited amount of seed. We recommend a trial of these. 20c per pkg.

Lavender Gem—Silvery white when young, changing to light lavender, when fully expanded. Pkg. 10c.

California Giant—Ostrich feather type of aster, extreme spike on very long stems, mixed pkg. 15c.

Sensation—A new aster, rich ox blood color, early bloomer, semi-dwarf. Pkg. 10c.

King Asters—This class of new Asters is quite distinct. Flowers of great size, with long, slender folded petals, long stems, excellent class. All colors mixed. Packet 8c.

American Beauty—Large, resembling American Beauty Rose in color, growing very high, very beautiful. Pkg. 10c.

Queen of the Market—Choice mixed, earliest of all asters. 12 inches high, very branching, one of the very best for marketing flowers. Pkg. 8c, $\frac{1}{4}$ oz. 25c.

Ageratum

Mexican Blue and White Mixed—One of the best summer flowers, the blue is fine in color. Pkg. 5c.

Tom Thumb—Good for border work, blue, a distinct variety. Pkg. 5c.

Alyssum

For border this dainty little flower has no equal.

"Carpet of Snow" (New)—Forms close mat of snow white bloom. Pkg. 5c, $\frac{1}{4}$ oz. 20c.

Little Gem—3 to 4 inches high, 15 to 20 inches across, a mass of white flowers from spring until late frost. Pkg. 5c, oz. 50c.

Balsam

Double Cammelia Flowered—Extra fine bloomers, all colors mixed. Pkg. 5c.

Varigated—Pkg. 10c.

Begonias

Begonia—Splendid for bedding or pot plants, large flowers, easily grown. Mixed, double or single, pkg. 25c.

Calendula or Pot Marigold

One of the best annuals.

Orange King—Pkg. 5c.

Lemon Queen—Pkg. 5c.

Mixed—Pkg. 5c.

Candy Tuft

Hyacinth Flowered—White. Pkg. 5c.

Snow Flake—Large pyramidal flower, larger than ordinary Candytuft. Pkg. 5c.

Peerless—Mixed. Pkg. 5c.

Canna

Mixed colors of the Canna, best strains. Pkg. 5c.

Hardy Carnations

Giant Marguerite—Double, sweet scented, mixed. Pkg. 10c.

Chabuds—Choice mixed. Pkg. 25c.

Allens—Double mixed. Pkg. 15c.

Celosia

Cristata—(Cocks Comb). Tall crimson. Pkg. 10c.

Plumosa—Tall mixed. 5c pkg.

Chinese Woolflower—Mixed. Pkg. 10c.

Ostrich Plume—Crimson and yellow. Chinese wool flower, most curious of all Celosias. Pkg. 10c.

Cosmos

EARLY FLOWERING

Pink, pkg. 5c.

Crimson, pkg. 5c.

All colors mixed, pkg. 5c.

MAMMOTH COSMOS

White, pkg. 5c.

Pink, pkg. 5c.

Crimson, pkg. 5c.

All colors mixed, pkg. 5c.

Look over our Asters.

Chrysanthemum

Annual Chrysanthemum—Double and single mixed our extra choice mixed. Per pkg. 5c.

CHRYSANTHEMUM

Coleus

Large Leaved Fringed—A fringe colored foliage, very large, with a large variety of color. Pkg. 15c.

Dahlia

Mixed seeds taken from leading varieties of Dahlias, if sown early will blossom first season, mixed single flowered. Pkg. 10c.

Double Flowered—Pkg. 10c.

Datura

Horn of Plenty—Bears large trumpet-shaped flowers 7 to 9 inches long and 6 inches across, more beautiful than a lily, color is purple shade hard to get. Pkg. 5c.

Gypsophila

Paniculata—Hardy perennial. Pkg. 10c.

Elegans Annual—Pink. Pkg. 10c.

Digitalis (Foxglove)

Tall spikes of deep throated flowers, beautifully colored and marked, remains in bloom a considerable time. Mixed pkg. 5c; Select White, pkg. 5c.

Campanula

Canterbury Bells—Easily grown, large bell-shaped flowers of many delicate shades. Pkg. 5c.

Cup and Saucer Varieties—Very beautiful, 2 ft. high, flowers from 3 to 4 inches, mixed. Pkg. 10c.

Dianthus (Pinks)

Chinese Double Mixed—Including all the new colors. Pkg. 5c.

Japanese Varieties—Extra large, 2 inches across. Pkg. 5c.

Plumareuns Sempleflorens—Hardy pink, sweet scented. Pkg. mixed 10c.

Single Chinese Pinks—Pkg. 5c.

Snow Drift—A double, pure white pink of great beauty, flowers extra large, finely cut. Pkg. 10c.

California Poppy

A flower of rather dwarf habit that embraces nearly all colors, will grow almost anywhere. Mixed pkg. 5c.

Euphorbia

Mexican Fire Bush—Leaves of glossy green, turning to bright red in the fall. Pkg. 10c.

Gaillardia

Blanket Flower—Blossoms all summer, excellent for cut flowers, semi-hardy. Pkg. 5c.

Helianthus (California Sunflower)

Large, double orange flowers. Pkg. 5c.

Heliotrope

Perennial of rapid growth, noted for its sweetness. Mixed, pkg. 10c.

CHARTIER HOLLYHOCK

Hollyhocks

An old plant generally improved and becoming more popular under its new shapes and colors.

Chartier Double Mixed—At 10c per pkg., or any of the following named colors of this strain at 10c per pkg., pure white, crimson, yellow or salmon.

Allegheny—A new strain that blooms almost constantly, finely formed flowers of a beautiful silky texture, all colors, mixed pkg. 10c.

Coreopsis

Lanceolata Grandiflora—Hardy perennial, 15 to 18 inches tall, beautiful golden yellow flowers. Pkg. 10c.

Finest Mixed—Red and yellow, hardy annual. Pkg. 5c.

You can be Sure of Allen's Flower Seeds.

Myosotis—Forget-Me-Not

Chinese—Large flowered, hardy. Pkg. 10c.

Forget-Me-Not—Mixed. Pkg. 10c.

Morning Glories

Rochester—Flowers 4 to 5 inches, deep violet blue, white edge. Pkg. 10c.

Convolvulus Major—Of tall growth, common variety. Pkg. 5c.

Dwarf—Remain open all day. Pkg. 5c.

Brazilian—Very leafy, rose, flowers 3 to 4 inches, 8 to 10-inch leaves. Pkg. 5c.

Imperial Japanese—Flowers 4 to 6 inches, every color, some foliage slightly mottled with cream buff. Pkg. 5c.

Portulaca

Portulaca—Trailing plants make lovely borders for beds, single mixed. Pkg. 5c.

Lupine

Annual Mixed—Easily grown annuals, about 2 feet, produces an abundance of long, graceful spikes of pea-like flowers which are very showy and pretty in shades of blue, rose and white. Fine for beds or borders as well as for cutting. Does well in partial shade. Pkt. 5c.

Dwarf Nasturtiums

Our seed of this is very choice and packages are very large. Note the prices by the ounce, also new varieties and colors.

David Burpee—A new novelty from Holland, introduced by Burpee. Named by the originator after Mr. Burpee's son. The foliage is very different, a charming little flower, leaves are a waxy shape, waxy dark green. Every lover of Nasturtiums should try this. Pkg. 10c.

Cloth of Gold—Foliage of golden color, crimson flowers. Pkg. 5c.

Golden Yellow—Brilliant yellow. Pkg. 5c.

Empress of India—Crimson flowers, foliage very dark. Pkg. 5c.

Lady Bird—Rich crimson, barred with yellow. Pkg. 5c.

Dwarf Mixed—Pkg. 5c.

Tall Nasturtiums

Ivy Leaved—A variety becoming very popular, due to its beautiful foliage. Pkg. 5c.

Tall Nasturtiums—Mixed. Pkg. 5c.

Scarlet Beauty—The finest dark colored variety, very handsome. Pkg. 5c.

Chameleon—New variety, different colors in flowers on same plant, very fine. Pkg. 10c.

Salmon Prince—Finest salmon colored. Pkg. 5c.

Loobs Mixed Nasturtiums—Best flowering. Pkg. 5c, oz. 10c. Also this variety in following separate colors, same price, Dark Cardinal, Brilliant Crimson, Gold, Lemon or Red.

Madame Gunther's Hybrids—Mixed beautiful colors in extra large flowers, one of the best. Pkg. 5c.

Burpee's—New race of variegated leaved, mixed. Pkg. 10c.

Annual Mixed

A great assortment of flowers, always keeps you looking for something new. Pkg. 5c.

Our quotations are postage paid, other firms let you pay the postage.

Larkspur-Delphinium

PERENNIAL

Belladonna Hybrids—Delicate blue. Pkg. 15c.

Formosum—Dark blue, with white eye. Pkg. 15c.

Chinensis—White. Pkg. 10c.

Marigold

A very free flowering plant for bedding purposes. We call special attention to our variety in this flower, claiming we grow it as near to perfection as any seed house in U. S. It is divided into two classes, African and French.

African—Very double, mixed. Pkg. 5c.

African "Lemon Ball"—A great beauty, lemon in color. Pkg. 10c.

African "Orange Ball"—Very similar except in color. Pkg. 10c.

African Eldorado—Very large, double. Pkg. 5c.

Dwarf French—Mixed. Pkg. 5c.

Brown Marble—Reddish brown. Pkg. 10c.

Four O'Clocks

Marvel of Peru—Greatly improved over the old Four O'Clocks. Pkg. 5c.

Mignonette

Allen's Defiance—Immense spikes, leader in the New York flower markets, one of the best. Pkg. 10c.

Pure Matchet—Grey flowers, very fragrant. Pkg. 10c.

Improved Giant Red—Largest flowered of all, very pyramidal. Pkg. 10c.

Yellow Prince—Finest yellow, very new. Pkg. 5c.

White Pearl—Beautiful white, very taking. Pkg. 5c.

Mixed—Pkg. 5c.

ROYAL PRIZE PANSIES

Pansies

There is no flower that is so general a favorite as this. We take especial pleasure this year to introduce to you five new Giant varieties as well as the Royal Mixed. These cost you 10c per pkg., and are the finest.

Giant White—Large and satiny white.

Giant Emperor Frederick—Rich, velvety maroon.

Giant Curled Goliath—Enormous, ruffled flowers of a pure golden yellow with three large black blotches. Very beautiful.

Giant Ruffled—Masterpiece, giant sized flowers, very fine, mixed.

Burpee's Giant Fancy (New)—Largest, best mixed. Pkg. 50 seeds, 15c.

Fire King—Bright reddish brown.

Royal Purple—Deep, rich purple.

Cardinal—Brilliant scarlet.

Royal Prize Mixture—Contains all the new colors.

Plant an Old Fashioned Garden this year.

SPENCER'S SWEET PEAS

SWEET PEAS to succeed best should be planted very early. Some plant about Thanksgiving for the earliest. Plant in a trench about one foot deep with well rotted manure. Our mixtures are from the best named kinds and we are selling the best that are in the market.

SPENCER VARIETIES

These are enormous flowered Sweet Peas, producing flowers from 1½ to 2 inches across. Pkg. 10c, oz. 20c, 1 lb. \$2.00.

- King Edward**—Spencer, best pure red, very large.
- Asta Ohn**—Spencer, pinkish lavender, enormous frilled flowers on stiff stems.
- Royal Purple**—Large.
- Picture**—Cream Pink.
- Dobbles Cream**—Primrose.
- Rosa Belle**—Rose color.
- Wedgewood**—Silver blue.
- Florence Nightingale**—Lavender.
- White Spencer**—Large, wavy.
- Countess**—Spencer, clear pink.
- Thomas Stevenson**—Large flowered, orange scarlet.
- Mixed Spencer**—10c pkg., oz. 20c.
- Allen's Best Mixture**—Consists of a mixture of the best Sweet Peas in America. Pkg. 10c, oz. 20c, lb. \$2.00.

Hardy Peas

Mixed or in select white, or select dark rose. Pkg. 6c.

Sunflowers

Our collection of these is most extensive and embraces all varieties worth attention.

Chrysanthemum Flowered—Is the grandest of all double sunflowers, beautiful golden yellow and remains in bloom a long time. Pkg. 5c.

Selta—Large, single flowering, simply a hill of gold Pkg. 5c.

New Red—Very red and single. Pkg. 5c.

Sweet William

A great favorite in old times and its new shapes and colors are again appealing to all lovers of flowers.

Single—Mixed. Pkg. 5c.

Pink Beauty—Finest selected pink. Pkg. 10c.

Scarlet Beauty—Flaming scarlet. Pkg. 10c.

Double—Mixed. Pkg. 10c.

ALLEN'S FAMOUS SWEET PEAS

Petunias

The new giant flowered strains are very handsome.

Giant Mixed—Extra large. Per pkg. 25c.

Howard New Star—A new race of velvety flowers. Pkg. 10c.

Snowball—Best white. Pkg. 10c.

Brilliant Rose—Fine rose colored. Pkg. 10c.

California Giant—Largest, 5 inches across. Pkg. 25c.

Petunias—All kinds mixed. Pkg. 10c.

Phlox-Drummondii

The annuals have no equal for variety in color that will show as far as eye can see, fine for cut flowers, easily grown, should be the center of every garden. We selected the finest tints last year into a mixture of our own and promise you a great variety of new, separate colors of our own in a few years.

Allen's Unsurpassed Mixtures—Pkg. 10c.

Starr and Fringed—Mixture. Pkg. 10c.

Extra Fine White—Pkg. 10c.

Blood Red—Pkg. 10c.

Large Yellow—Pkg. 10c.

Fire Ball—Very compact. Pkg. 10c.

Poppies

New double and single, will grow anywhere, making a gorgeous display of colors.

Snow Drift—Pure white, very desirable, large and double. Pkg. 5c.

Shirley—A lovely, showy flower, tinted with all colors. Pkg. 5c.

Oriental—A hardy variety growing 2½ ft. tall, large crimson flowers, blotched with dark. Pkg. 10c.

Admiral—One of the finest white, perfectly edged with a bright band of scarlet. Pkg. 5c.

Double Carnation Flowered—Finest mixed. Pkg. 5c.

American Flag—Double white; bordered with scarlet. Pkg. 5c.

American Legion—Flanders, the finest. Pkg. 5c.

Primula (Primrose)

Large Flowering—Mixed. Pkg. 20c.

Sweet Peas make splendid Bouquets.

Ricinus (Castor Oil Bean)

Plant noted for its semi-tropical appearance, shooting out large spikes of flowers.

Zanzibarensis—Common kind generally used. Pkg. 10c, oz. 20c.

Scabiosa (Mourning Bride)

Double Mixed—Pkg. 5c.

Salvia

Due to the immense demand for this we have added a complete list of all new varieties. Varying in every shade from bright scarlet to dark blood red, mixed. Per pkg. 10c.

Scarlet Sage—Large flowering of brilliant scarlet, a constant bloomer. Pkg. 10c.

Bonfire—Compact, roundish bush, completely a fiery red mass in Autumn. Pkg. 10c.

Blood Red—Very dark and similar. Pkg. 10c.

Stocks

Stocks—(Gilly Flowers). The Gilly flower is a half-hardy annual, very useful for bedding on account of its very full and persistent bloom. The flowers come in close-set, thick panicles not only on the main stems but in many side branches. There is some variation as to height, but they will average close to 2 feet. The numerous distinct colors are quite flashy and are particularly acceptable in August and September when flowers are scarce. Sow in hot-beds or boxes during March and April, transplanting to boxes or pots; when weather becomes suitable, transplant to open ground, about one foot apart for early flowers. Sow in open ground in May. Plants may be lifted in fall and potted up for winter blooming indoors.

Double Giant Perfection Ten Weeks—The "Ten Weeks" Stocks bloom in a wide range of color, about 10 weeks after being sown; grow about 18 inches high, and in light, rich soil bear an immense quantity of bloom, each plant forming a perfect bouquet of delightful fragrance.

This type is a perfected strain producing extremely large double flowers. Offered in separate colors.

Blue, Rose, Scarlet, White or Yellow—Pkt. 10c each.

Double Giant Perfection Choice Mixed—All colors. Pkt. 10c.

Dwarf Double Ten Weeks—Equally large flowers, but growing only 12 to 15 inches high. Mixed colors. Pkt. 10c.

Schizanthus

Schizanthus—(Butterfly Flower). These annuals produce a wealth of beautiful flowers, very dainty and of many colors; spotted, blotched and veined in orange, purple, etc. They bloom in a few weeks from seed so abundantly as to obscure the plant; their airiness and color-charm giving them value as a bordering fringe for the heavier types.

Hybridus Grandiflora—Choice mixed. Pkt. 5c.

Wisetonensis—One of the finest large-flowered sorts, colors ranging from pink with brown center to white yellow center. Excellent for pot plants. Pkt. 15c.

Verbena

Aurculaeiflora Gigantica—Extra fine, mixed. Per pkg. 10c.

Wall Flower

Deliciously fragrant flowers in long, full spikes which are very free and pretty during the spring. They combine many shades of color; the orange, purple and chocolate predominating. Tender perennial, requiring winter protection in the north. 1½ feet.

Annual Mixed—Blooms first year. Pkt. 10c.

Double Mixed—Pkt. 10c. **Single Mixed**—Pkt. 10c.

Platycodon (Balloon Flower)

The unopened buds resemble miniature balloons opening up as deep throated, 1½ to 2 inch bells. Hardy perennial, 2 to 3 feet; prolific and long season of bloom. Seed sown in early spring will bloom in August.

Mixed Colors—(Blue, White.) Pkt. 10c.

Thunbergia

Beautiful, rapid growing rather shrubby climbers, with a plentiful supply of trumpet shaped flowers in various colors and markings; fine for vases, rustic work or greenhouse culture. Half-hardy annuals; five feet.

Fine Mixed—Pkt. 5c.

Pentstemon

New Large Flowering—The numerous Gloxinia-shaped flowers are borne in long spikes from May until frost. Will bloom the first season if sown early in a hot-bed and planted out as soon as frosts are over. The colors are white, pink, rose and crimson, many being spotted and margined with a contrasting color. Hardy perennial. **Choice Mixed**—Pkt. 10c.

Zinnias

Dahlia Flowered—New double Zinnia of mammoth size, peerless mixture, per pkg. 15c.

Picotte Flowered—This type is an exquisite strain, each petal is tipped with a darker shade, comes in a variety of flowers. Pkg. 20c.

Giant Double—All colors of giant Zinnia, mixed. Pkg. 10c.

GEUM

Mrs. Bradshaw. For use in bouquets and for red in hardy borders. They closely resemble dark crimson Carnations with broad, fluted petals, and a conspicuous tuft of golden stamens at center. Hardy perennial; 1½ ft. Pkt. 15c.

NICOTIANA (Sweet Scented Tobacco Plants). As summer garden plants, their long, broad leaves are quite as attractive as the fragrant star-shaped bloom.

Affinis. Pure white, sweet-scented, flowers. Pkt. 10c.

Straw Flower. Helichrysum. A hardy annual and one of the best Everlastings. The plant is 2½ feet high and produces large, double daisy-like flowers.

Mixed Colors. ¼ oz., 25c; Pkt. 10c.

HOW TO PLANT TREES

SUITABLE DISTANCE FOR PLANTING

Apples, Standard.....	30 to 40 ft.	Grapes.....	8 by 10 ft.
Apples, Dwarf.....	8 to 10 ft.	Currants.....	3 by 5 ft.
Pears, Standard.....	18 to 20 ft.	Gooseberries.....	3 by 5 ft.
Pears, Dwarf.....	10 ft.	Raspberries, Red.....	3 by 6 ft.
Peaches.....	16 to 18 ft.	Raspberries, Black....	3 by 6 ft.
Nectarines and Apricots..	16 to 18 ft.	Blackberries	7 ft.
Cherries, Sweet.....	18 to 20 ft.	Strawberries, Rows....	1 by 3½ ft.
Cherries, Sour.....	15 to 18 ft.	Strawberries, Bed.....	1½ by 3½ ft.
Plums.....	16 to 20 ft.	Asparagus, in Bed....	1 by 1½ ft.
Quinces.....	10 to 13 ft.	Asparagus, in Field....	1 by 3 ft.

Use Peaches for fillers in Apples

NUMBER OF TREES OR PLANTS ON AN ACRE

2 feet each way.....	10,890	15 feet each way.....	194
3 " " "	4,840	18 " " "	135
4 " " "	2,730	20 " " "	110
5 " " "	1,742	25 " " "	70
6 " " "	1,210	30 " " "	48
3 " " "	680	33 " " "	40
10 " " "	430	40 " " "	28
12 " " "	302		

To ascertain the number of plants required to the acre at any given distance divide the number of square feet (43,560) in an acre by the number of square feet you desire to devote to each plant. For instance, in strawberries planted 1½ by 3 feet, each hill will occupy 4½ square feet, making 9,860 plants to the acre.

PLANTING AND PRUNING

On arrival of stock, plant at once if possible, if not remove from packing, wet down well and heel in, in mellow soil, packing dirt firmly about roots; but plant as soon as possible. Do not expose roots to sun or wind as stock so exposed is not liable to grow. Soil for planting should be well drained. Prune all bruised or broken roots with a sharp knife. Trim all the trees up to four or five branches, suitable for forming a top. Cut these branches back to within four or five buds of the body or in other words about three-fourths of the growth. Peach trees, all branches should be cut off and cut back like a cane. This is important, do not fail to cut back your trees or shrubs for best results. In planting make holes large so as not to crowd roots. Use surface soil for filling in and plant as firmly as possible, pressing down soil well with the feet. Dynamiting the holes for planting is better than digging holes with a shovel. Never put manure in the hole about the roots.
